This combined Quarterly Report on Form 10-Q is separately filed by Noble Corporation plc, a public limited company incorporated under the laws of England and Wales (“Noble-UK”), and Noble Corporation, a Cayman Islands company (“Noble-Cayman”). Information in this filing relating to Noble-Cayman is filed by Noble-UK and separately by Noble-Cayman on its own behalf. Noble-Cayman makes no representation as to information relating to Noble-UK (except as it may relate to Noble-Cayman) or any other affiliate or subsidiary of Noble-UK. Since Noble-Cayman meets the conditions specified in General Instructions H(1)(a) and (b) to Form 10-Q, it is permitted to use the reduced disclosure format for wholly-owned subsidiaries of reporting companies as stated in General Instructions H(2). Accordingly, Noble-Cayman has omitted from this report the information called for by “Item 3 (Quantitative and Qualitative Disclosures about Market Risk)” of Part I of Form 10-Q and the following items of Part II of Form 10-Q, “Item 2 (Unregistered Sales of Equity Securities and Use of Proceeds),” and “Item 3 (Defaults upon Senior Securities).”

This report should be read in its entirety as it pertains to each Registrant. Except where indicated, the Condensed Consolidated Financial Statements and related Notes are combined. References in this Quarterly Report on Form 10-Q to “Noble,” the “Company,” “we,” “us,” “our” and words of similar meaning refer collectively to Noble-UK and its condensed consolidated subsidiaries, including Noble-Cayman.

**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

**Note 1— Organization and Basis of Presentation**

Noble Corporation plc, a public limited company incorporated under the laws of England and Wales (“Noble-UK”), is a leading offshore drilling contractor for the oil and gas industry. We provide contract drilling services with our global fleet of mobile offshore drilling units. As of June 30, 2019, our fleet consisted of 12 floaters (consisting of four semisubmersibles and eight drillships) and 13 jackups.

We report our contract drilling operations as a single reportable segment, Contract Drilling Services, which reflects how we manage our business. The mobile offshore drilling units comprising our offshore rig fleet operate in a global market for contract drilling services and are often redeployed to different regions due to changing demands of our customers, which consist primarily of large, integrated, independent and government-owned or controlled oil and gas companies throughout the world.

Noble Corporation, a Cayman Islands company (“Noble-Cayman”), is an indirect, wholly-owned subsidiary of Noble-UK, our publicly-traded parent company. Noble-UK’s principal asset is all of the shares of Noble-Cayman. Noble-Cayman has no public equity outstanding. The condensed consolidated financial statements of Noble-UK include the accounts of Noble-Cayman, and Noble-UK conducts substantially all of its business through Noble-Cayman and its subsidiaries.

The accompanying unaudited condensed consolidated financial statements of Noble-UK and Noble-Cayman have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”) as they pertain to Quarterly Reports on Form 10-Q. Accordingly, certain information and disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) have been condensed or omitted pursuant to such rules and regulations. The unaudited financial statements reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the financial position and results of operations for the interim periods, on a basis consistent with the annual audited consolidated financial statements. All such adjustments are of a recurring nature. The December 31, 2018 Condensed Consolidated Balance Sheets presented herein are derived from the December 31, 2018 audited consolidated financial statements. These interim financial statements should be read in conjunction with the consolidated financial statements and notes included in our Annual Report on Form 10-K for the year ended December 31, 2018, filed by both Noble-UK and Noble-Cayman. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

Beginning in 2019, we combined the semisubmersibles and drillships in our contract drilling services fleet into a single category, “floaters” for reporting purposes. We have made certain reclassifications so as to conform to such current period presentation. The reclassification did not have a material effect on our Condensed Consolidated Statements of Operations or related disclosures.

**Note 2— Accounting Pronouncements**

***Accounting Standards Adopted***

In February 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-02 (Topic 842, “Leases”), as amended, which generally requires lessees to recognize operating and financing lease liabilities and corresponding right-of-use assets on the balance sheet and to provide enhanced disclosures surrounding the amount, time and uncertainty of cash flows arising from lease agreements. We adopted this standard, on a modified retrospective basis, effective January 1, 2019 and did not restate comparative periods. Our adoption did not have a material effect on our condensed consolidated financial statements.

With respect to leases in which we are the lessee, we recognized a lease liability and a corresponding right-of-use asset of approximately \$28.0 million as of January 1, 2019. We have elected the package of practical expedients that permits us to not reassess (1) whether previously expired or existing contracts are or contain leases, (2) the lease classification for any expired or existing leases, and (3) any initial direct costs for any existing leases as of the effective date. In addition, we have elected the hindsight practical expedient in connection with our adoption of the new lease standard. As lessee, we have made the accounting policy election to not recognize a right-of-use asset lease and lease liability for leases with a term of 12 months or less. We will recognize lease payments in the Consolidated Statements of Operations on a straight-line basis over the lease term. We have also elected the practical expedient to not separate lease and non-lease components.

Our drilling contracts contain a lease component related to the underlying drilling equipment, in addition to the service component provided by our crews and our expertise to operate such drilling equipment. We have concluded the non-lease service of operating our equipment and providing expertise in the drilling of the client’s well is predominant in our drilling contracts. We have applied the practical expedient to account for the lease and associated non-lease components as a single component. With the election of the practical expedient, we will continue to present a single performance obligation under the new revenue guidance in Accounting Standards Codification (“ASC”) Topic 606, “Revenue from Contracts with Customers.”

***Issued Accounting Standards***

With the exception of the updated standards discussed above, there have been no new accounting pronouncements not yet effective that have significance, or potential significance, to our condensed consolidated financial statements.

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

**Note 3— Consolidated Joint Ventures**

We maintain a 50 percent interest in two joint ventures, each with a subsidiary of Royal Dutch Shell plc (“Shell”), that own and operate the two *Bully*-class drillships. We have determined that we are the primary beneficiary of the joint ventures. Accordingly, we consolidate the entities in our condensed consolidated financial statements after eliminating intercompany transactions. Shell’s equity interests are presented as noncontrolling interests on our Condensed Consolidated Balance Sheets.

During the three and six months ended June 30, 2019, the *Bully* joint ventures approved and paid dividends totaling \$25.0 million and \$35.1 million, respectively. During the three and six months ended June 30, 2018, the *Bully* joint ventures approved and paid dividends totaling \$20.1 million and \$25.4 million, respectively. Of these amounts, 50 percent was paid to our joint venture partner.

The combined carrying amount of the *Bully*-class drillships at both June 30, 2019 and December 31, 2018 totaled \$0.7 billion. These assets were primarily funded through partner equity contributions. Cash held by the *Bully* joint ventures totaled approximately \$28.8 million at June 30, 2019 as compared to approximately \$45.2 million at December 31, 2018.

**Note 4— Loss Per Share**

The following table presents the computation of basic and diluted loss per share for Noble-UK:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2019	2018	2019	2018
<b>Numerator:</b>				
Basic				
Net loss from continuing operations	\$ (151,960)	\$ (628,063)	\$ (219,028)	\$ (770,397)
Net loss from discontinued operations, net of tax	—	—	(3,821)	—
<b>Net loss attributable to Noble Corporation plc</b>	<b>\$ (151,960)</b>	<b>\$ (628,063)</b>	<b>\$ (222,849)</b>	<b>\$ (770,397)</b>
Diluted				
Net loss from continuing operations	\$ (151,960)	\$ (628,063)	\$ (219,028)	\$ (770,397)
Net loss from discontinued operations, net of tax	—	—	(3,821)	—
<b>Net loss attributable to Noble Corporation plc</b>	<b>\$ (151,960)</b>	<b>\$ (628,063)</b>	<b>\$ (222,849)</b>	<b>\$ (770,397)</b>
<b>Denominator:</b>				
Weighted average shares outstanding - basic	249,154	246,740	248,705	246,438
Weighted average shares outstanding - diluted	249,154	246,740	248,705	246,438
<b>Loss per share</b>				
Basic:				
Loss from continuing operations	\$ (0.61)	\$ (2.55)	\$ (0.88)	\$ (3.13)
Loss from discontinued operations	—	—	(0.02)	—
<b>Net loss attributable to Noble Corporation plc</b>	<b>\$ (0.61)</b>	<b>\$ (2.55)</b>	<b>\$ (0.90)</b>	<b>\$ (3.13)</b>
Diluted:				
Loss from continuing operations	\$ (0.61)	\$ (2.55)	\$ (0.88)	\$ (3.13)
Loss from discontinued operations	—	—	(0.02)	—
<b>Net loss attributable to Noble Corporation plc</b>	<b>\$ (0.61)</b>	<b>\$ (2.55)</b>	<b>\$ (0.90)</b>	<b>\$ (3.13)</b>

Only those items having a dilutive impact on our basic loss per share are included in diluted loss per share. For the three and six months ended June 30, 2019 and 2018, approximately 13.4 million share-based awards were excluded from diluted loss per share since the effect would have been anti-dilutive.

**Share capital**

As of June 30, 2019, Noble-UK had approximately 249.2 million shares outstanding and trading as compared to approximately 246.8 million shares outstanding and trading at December 31, 2018. At our 2019 Annual General Meeting, shareholders approved a proposal to allow our Board of Directors to increase share capital through the issuance of up to approximately 83.1 million ordinary shares (at current nominal value

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

of \$0.01 per share). The right of our directors to allot shares will expire at the end of our 2020 Annual General Meeting unless we seek an extension from shareholders at that time. No shares were allotted during the six months ended June 30, 2019.

The declaration and payment of dividends require the authorization of the Board of Directors of Noble-UK, provided that such dividends on issued share capital may be paid only out of Noble-UK's "distributable reserves" on its statutory balance sheet in accordance with UK law. Therefore, Noble-UK is not permitted to pay dividends out of share capital, which includes share premium. Noble has not paid dividends since the third quarter of 2016. The payment of future dividends will depend on our results of operations, financial condition, cash requirements, future business prospects, contractual and indenture restrictions and other factors deemed relevant by our Board of Directors.

**Share repurchases**

Under UK law, the Company is only permitted to purchase its own shares by way of an "off-market purchase" in a plan approved by shareholders. We currently do not have shareholder authority to repurchase shares. During the six months ended June 30, 2019 and 2018, we did not repurchase any of our shares.

**Note 5— Property and Equipment**

Property and equipment, at cost, for Noble-UK consisted of the following:

	June 30, 2019	December 31, 2018
Drilling equipment and facilities	\$ 10,685,462	\$ 10,546,376
Construction in progress	192,966	209,091
Other	202,262	200,945
<b>Property and equipment, at cost</b>	<b>\$ 11,080,690</b>	<b>\$ 10,956,412</b>

On February 28, 2019, we purchased another GustoMSC CJ46 rig, the *Noble Joe Knight*. We paid \$83.8 million for the rig, with \$30.2 million paid in cash and the remaining \$53.6 million of the purchase price financed with a loan by the seller, PaxOcean Group ("PaxOcean"). See "Note 6— Debt" for additional information.

**Note 6— Debt**

**Credit Facilities**

**2015 Credit Facility**

We have a \$300 million senior unsecured credit facility that will mature in January 2020 and is guaranteed by our indirect, wholly-owned subsidiaries, Noble Holding (U.S.) LLC ("NHUS") and Noble Holding International Limited ("NHIL"), (the "2015 Credit Facility").

In January 2018, in connection with entering into the 2017 Credit Facility (as defined herein), we amended the 2015 Credit Facility, which caused, among other things, a reduction in the aggregate principal amount of commitments under the 2015 Credit Facility. As a result of the 2015 Credit Facility's reduction in the aggregate principal amount of commitments, we recognized a net loss of approximately \$2.3 million in the six months ended June 30, 2018. Borrowings under the 2015 Credit Facility bear interest at the London inter-bank offered rate ("LIBOR") plus an applicable margin, which is currently the maximum contractual rate of 1.65%. At June 30, 2019, we had \$300.0 million of borrowings outstanding under the 2015 Credit Facility.

**2017 Credit Facility**

On December 21, 2017, Noble Cayman Limited, a Cayman Islands company and a wholly-owned indirect subsidiary of Noble-Cayman; Noble International Finance Company, a Cayman Islands company and a wholly-owned indirect subsidiary of Noble-Cayman; and Noble Holding UK Limited, a company incorporated under the laws of England and Wales and a wholly-owned direct subsidiary of Noble-UK ("NHUK"), as parent guarantor, entered into a new senior unsecured credit agreement (the "2017 Credit Facility" and, together with the 2015 Credit Facility, the "Credit Facilities"). The maximum aggregate amount of commitments under the 2017 Credit Facility on June 30, 2019 was approximately \$1.5 billion. Borrowings under the 2017 Credit Facility are subject to certain conditions precedent, including that there be no unused commitments to advance loans under the 2015 Credit Facility. The 2017 Credit Facility will mature in January 2023. Borrowings may be used for working capital and other general corporate purposes. The 2017 Credit Facility provides for a letter of credit sub-facility currently in the amount of \$15.0 million, with the ability to increase such amount up to \$500.0 million with the approval of the lenders. Borrowing under the 2017 Credit Facility bear

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

interest at LIBOR plus an applicable margin, which is currently the maximum contractual rate of 4.25%. At June 30, 2019, we had \$50.0 million of borrowings outstanding under the 2017 Credit Facility, plus \$3.4 million of performance letters of credit.

Both of our Credit Facilities have provisions which vary the applicable interest rates for borrowings based upon our debt ratings. We also pay a facility fee under the 2015 Credit Facility on the full commitments thereunder (used or unused) and a commitment fee under the 2017 Credit Facility on the daily unused amount of the underlying commitments, in each case which varies depending on our credit ratings. At June 30, 2019, the interest rates and fees in effect under our Credit Facilities were the highest permitted interest rates under those agreements. On July 26, 2019, we executed an amendment to our 2017 Credit Facility. See “Note 16— Subsequent Events” for additional information.

***Debt Issuance***

In January 2018, we issued \$750.0 million aggregate principal amount of our Senior Notes due 2026 (the “2026 Notes”) through our indirect wholly-owned subsidiary, NHIL. The net proceeds of the offering of approximately \$737.4 million, after expenses, were used to retire a portion of our near-term senior notes in a related tender offer.

The indenture for the 2026 Notes contains certain covenants and restrictions, including, among others, restrictions on our subsidiaries’ ability to incur certain additional indebtedness. Additionally, the subsidiary guarantors must own, directly or indirectly, (i) assets comprising at least 85% of the revenue of Noble-Cayman and its subsidiaries on a consolidated basis and (ii) jackups, semisubmersibles, drillships, submersibles or other mobile offshore drilling units of material importance, the combined book value of which comprises at least 85% of the combined book value of all such assets of Noble-Cayman and its subsidiaries on a consolidated basis, in each case, with respect to the most recently completed fiscal year.

***Seller Loans***

***2019 Seller Loan***

In February 2019, we purchased the *Noble Joe Knight* for \$83.8 million with a \$53.6 million seller-financed secured loan (the “2019 Seller Loan”). The 2019 Seller Loan has a term of four years and requires a 5% principal payment at the end of the third year with the remaining 95% of the principal due at the end of the term. The 2019 Seller Loan bears a cash interest rate of 4.25% and the equivalent of a 1.25% interest rate paid-in-kind over the four-year term of the 2019 Seller Loan. Based on the terms of the 2019 Seller Loan, the 1.25% paid-in-kind interest rate is accelerated into the first year, resulting in an overall first year interest rate of 8.91%, of which only 4.25% is payable in cash. Thereafter, the paid-in-kind interest ends and the cash interest rate of 4.25% is payable for the remainder of the term.

***2018 Seller Loan***

In September 2018, we purchased the *Noble Johnny Whitstine* for \$93.8 million with a \$60.0 million seller-financed secured loan (the “2018 Seller Loan” and, together with the 2019 Seller Loan, the “Seller Loans”). The 2018 Seller Loan has a term of four years and requires a 5% principal payment at the end of the third year with the remaining 95% of the principal due at the end of the term. The 2018 Seller Loan bears a cash interest rate of 4.25% and the equivalent of a 1.25% interest rate paid-in-kind over the four-year term of the 2018 Seller Loan. Based on the terms of the 2018 Seller Loan, the 1.25% paid-in-kind interest rate is accelerated into the first year, resulting in an overall first year interest rate of 8.91%, of which only 4.25% is payable in cash. Thereafter, the paid-in-kind interest ends and the cash interest rate of 4.25% is payable for the remainder of the term.

Both of the Seller Loans are guaranteed by Noble-Cayman and each is secured by a mortgage on the applicable rig and by the pledge of the shares of the applicable single-purpose entity that owns the relevant rig. Each Seller Loan contains debt to total capitalization ratio and minimum liquidity financial covenants substantially similar to the 2017 Credit Facility, and an asset and revenue covenant substantially similar to the 2026 Notes as well as other covenants and provisions customarily found in secured transactions, including a cross default provision. Each Seller Loan requires immediate repayment on the occurrence of certain events, including the termination of the drilling contract associated with the relevant rig.

***Senior Notes Interest Rate Adjustments***

Our Senior Notes due 2025 and our Senior Notes due 2045 are subject to provisions that vary the applicable interest rates based on our debt rating. Effective April 2018, these senior notes have reached the contractually defined maximum interest rate set for each rating agency and no further interest rate increases are possible. The interest rates on these senior notes may be decreased if our debt ratings were to be raised by either rating agency above specified levels. Our other outstanding senior notes do not contain provisions varying applicable interest rates based upon our credit ratings.

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

***Debt Tender Offers, Repayments, and Open Market Repurchases***

In March 2019, we completed cash tender offers for our Senior Notes due 2020 (the “2020 Notes”), Senior Notes due 2021 (the “2021 Notes”), Senior Notes due 2022 (the “2022 Notes”) and Senior Notes due 2024 (the “2024 Notes”). Pursuant to such tender offers, we purchased \$440.9 million aggregate principal amount of these senior notes for \$400.0 million, plus accrued interest, using cash on hand and borrowings under the 2015 Credit Facility. As a result of this transaction, we recognized a net gain of approximately \$31.3 million.

In October 2018, we purchased \$27.4 million aggregate principal amount of various tranches of our senior notes for approximately \$20.2 million, plus accrued interest, as open market repurchases and recognized a net gain of approximately \$6.9 million.

In August 2018, we purchased \$0.4 million aggregate principal amount of our Senior Notes due 2042 for approximately \$0.3 million, plus accrued interest, as open market repurchases and recognized a net gain of approximately \$0.1 million.

In March 2018, we repaid the remaining aggregate principal amount of \$126.6 million of our Senior Notes due 2018 (the “2018 Notes”) at maturity using cash on hand.

In March 2018, we purchased \$9.5 million aggregate principal amount of various tranches of our senior notes for approximately \$8.7 million, plus accrued interest, as open market repurchases and recognized a net gain of approximately \$0.5 million.

In February 2018, we redeemed the remaining principal amount of \$61.9 million of our Senior Notes due 2019 (the “2019 Notes”) for approximately \$65.3 million, plus accrued interest. As a result of this transaction, we recognized a net loss of approximately \$3.5 million.

In February 2018, we completed cash tender offers for the 2018 Notes, the 2019 Notes, the 2020 Notes, the 2021 Notes, the 2022 Notes and the 2024 Notes. Pursuant to such tender offers, we purchased \$754.2 million aggregate principal amount of these senior notes for \$750.0 million, plus accrued interest, using the net proceeds of the 2026 Notes issuance and cash on hand. As a result of this transaction, we recognized a net loss of approximately \$3.5 million.

***Covenants***

At June 30, 2019, the 2017 Credit Facility contained certain financial covenants applicable to NHUK and its subsidiaries, including (i) a covenant restricting debt to total tangible capitalization to not greater than 0.55 at the end of each fiscal quarter, (ii) a minimum Liquidity requirement of \$300.0 million, (iii) a covenant that, beginning with the fiscal quarter ending March 31, 2018, the ratio of the Rig Value (as defined in the 2017 Credit Facility) of Marketed Rigs (as defined in the 2017 Credit Facility) to the sum of commitments under the 2017 Credit Facility plus indebtedness for borrowed money of the borrowers and guarantors, in each case, that directly own Marketed Rigs, is not less than 3:00 to 1:00 at the end of each fiscal quarter and (iv) a covenant that the ratio of (A) the Rig Value of the Closing Date Rigs (as defined in the 2017 Credit Facility) that are directly wholly owned by the borrowers and guarantors to (B) the Rig Value of the Closing Date Rigs owned by NHUK, subsidiaries of NHUK and certain local content affiliates, is not less than 80% at the end of each fiscal quarter (such covenants described in (iii) and (iv) of this paragraph, the “Guarantor Ratio Covenants”). The 2017 Credit Facility also includes restrictions on borrowings if, after giving effect to any such borrowings and the application of the proceeds thereof, the aggregate amount of Available Cash (as defined in the 2017 Credit Facility) would exceed \$200.0 million.

NHUK has guaranteed the obligations of the borrowers under the 2017 Credit Facility. In addition, certain indirect subsidiaries of Noble-UK that own rigs are guarantors under the 2017 Credit Facility. Certain other subsidiaries of Noble-UK may be required from time to time to guarantee the obligations of the borrowers under the 2017 Credit Facility in order maintain compliance with the Guarantor Ratio Covenants.

The 2017 Credit Facility contains additional restrictive covenants generally applicable to NHUK and its subsidiaries, including restrictions on the incurrence of liens and indebtedness, mergers and other fundamental changes, restricted payments, repurchases and redemptions of indebtedness with maturities outside of the maturity of the 2017 Credit Facility, sale and leaseback transactions and transactions with affiliates.

The 2015 Credit Facility is guaranteed by NHUS and NHIL. The 2015 Credit Facility contains a covenant that limits our ratio of debt to total tangible capitalization, as defined in the 2015 Credit Facility, to 0.60 at the end of each fiscal quarter.

In addition to the covenants from the Credit Facilities noted above, the covenants from the 2026 Notes described under “—Debt Issuance” above, and the covenants from the Seller Loans described under “—Seller Loans” above, the indentures governing our outstanding senior unsecured notes contain covenants that place restrictions on certain merger and consolidation transactions, unless we are the surviving entity or the other party assumes the obligations under the indenture, and on the ability to sell or transfer all or substantially all of our assets. There are also restrictions on incurring or assuming certain liens and on entering into sale and lease-back transactions.

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

At June 30, 2019, our debt to total tangible capitalization ratio under our 2017 Credit Facility was approximately 0.48 and we were in compliance with all applicable debt covenants. We continually monitor compliance with the covenants under our Credit Facilities, senior notes and Seller Loans and expect to remain in compliance throughout 2019.

***Fair Value of Debt***

Fair value represents the amount at which an instrument could be exchanged in a current transaction between willing parties. The estimated fair value of our debt instruments was based on the quoted market prices for similar issues or on the current rates offered to us for debt of similar remaining maturities (Level 2 measurement). The carrying amount of the Credit Facilities approximates fair value as the interest rates are variable and reflective of market rates. All remaining fair value disclosures are presented in “Note 12— Fair Value of Financial Instruments.”

The following table presents the carrying value, net of unamortized debt issuance costs and discounts, and the estimated fair value of our total debt, not including the effect of unamortized debt issuance costs, respectively:

	June 30, 2019		December 31, 2018	
	Carrying Value	Estimated Fair Value	Carrying Value	Estimated Fair Value
<b>Senior unsecured notes:</b>				
4.90% Senior Notes due August 2020	\$ 62,480	\$ 59,107	\$ 65,810	\$ 60,177

**Note 7— Accumulated Other Comprehensive Income (Loss)**

The following table presents the changes in the accumulated balances for each component of “Accumulated other comprehensive income (loss)” (“AOCI”) for the three and six months ended June 30, 2019 and 2018. All amounts within the table are shown net of tax.

	Defined Benefit Pension Items <sup>(1)</sup>	Foreign Currency Items	Total
<b>Balance at December 31, 2017</b>	\$ (27,603)	\$ (15,285)	\$ (42,888)
Activity during period:			
Stranded tax effect resulting from the Tax Cuts and Jobs Act	(5,540)	—	(5,540)
<b>Balance at January 1, 2018</b>	(33,143)	(15,285)	(48,428)
Activity during period:			
Other comprehensive income (loss) before reclassifications	—	667	667
Amounts reclassified from AOCI	324	—	324
Net other comprehensive income	324	667	991
<b>Balance at March 31, 2018</b>	(32,819)	(14,618)	(47,437)
Activity during period:			
Other comprehensive income (loss) before reclassifications	—	(2,771)	(2,771)
Amounts reclassified from AOCI	325	—	325
Net other comprehensive income	325	(2,771)	(2,446)
<b>Balance at June 30, 2018</b>	\$ (32,494)	\$ (17,389)	\$ (49,883)
<b>Balance at December 31, 2018</b>	\$ (39,058)	\$ (18,014)	\$ (57,072)
Activity during period:			
Other comprehensive income (loss) before reclassifications	—	508	508
Amounts reclassified from AOCI	550	—	550
Net other comprehensive income (loss)	550	508	1,058
<b>Balance at March 31, 2019</b>	(38,508)	(17,506)	(56,014)
Activity during period:			
Other comprehensive income (loss) before reclassifications	—	(406)	(406)
Amounts reclassified from AOCI	549	—	549
Net other comprehensive income (loss)	549	(406)	143
<b>Balance at June 30, 2019</b>	\$ (37,959)	\$ (17,912)	\$ (55,871)

<sup>(1)</sup> Defined benefit pension items relate to actuarial changes. Reclassifications from AOCI are recognized as expense on our Condensed Consolidated Statements of Operations through “Other income (expense).” See “Note 11— Employee Benefit Plans” for additional information.

**Note 8— Revenue and Customers**

**Contract Balances**

Accounts receivable are recognized when the right to consideration becomes unconditional based upon contractual billing schedules. Payment terms on invoiced amounts are typically 30 days. Current contract asset and liability balances are included in “Prepaid expenses and other current assets” and “Other current liabilities,” respectively, and noncurrent contract assets and liabilities are included in “Other assets” and “Other liabilities,” respectively, on our Condensed Consolidated Balance Sheets.

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

The following table provides information about contract assets and contract liabilities from contracts with customers:

	June 30, 2019	December 31, 2018
Current contract assets	\$ 21,635	\$ 25,298
Noncurrent contract assets	18,484	22,366
<b>Total contract assets</b>	<b>40,119</b>	<b>47,664</b>
Current contract liabilities (deferred revenue)	(31,063)	(32,906)
Noncurrent contract liabilities (deferred revenue)	(46,740)	(47,847)
<b>Total contract liabilities</b>	<b>\$ (77,803)</b>	<b>\$ (80,753)</b>

Significant changes in the remaining performance obligation contract assets and the contract liabilities balances for the six months ended June 30, 2019 are as follows:

	Contract Assets	Contract Liabilities
<b>Net balance at December 31, 2018</b>	<b>\$ 47,664</b>	<b>\$ (80,753)</b>
Amortization of deferred costs	(16,811)	—
Additions to deferred costs	9,266	—
Amortization of deferred revenue	—	28,907
Additions to deferred revenue	—	(25,957)
<b>Total</b>	<b>(7,545)</b>	<b>2,950</b>
<b>Net balance at June 30, 2019</b>	<b>\$ 40,119</b>	<b>\$ (77,803)</b>

***Transaction Price Allocated to the Remaining Performance Obligations***

The following table reflects revenue expected to be recognized in the future related to unsatisfied performance obligations, by rig type, at the end of the reporting period:

	Six Months Ended June 30, 2019					
	2019	2020	2021	2022	2023 and beyond	Total
Floater	\$ 8,848	\$ 16,466	\$ 15,742	\$ 9,248	\$ 3,566	\$ 53,870
Jackups	8,270	9,260	5,605	798	—	23,933
<b>Total</b>	<b>\$ 17,118</b>	<b>\$ 25,726</b>	<b>\$ 21,347</b>	<b>\$ 10,046</b>	<b>\$ 3,566</b>	<b>\$ 77,803</b>

The revenue included above consists of expected mobilization, demobilization, and upgrade revenue for unsatisfied performance obligations. The amounts are derived from the specific terms within drilling contracts that contain such provisions, and the expected timing for recognition of such revenue is based on the estimated start date and duration of each respective contract based on information known at June 30, 2019. The actual timing of recognition of such amounts may vary due to factors outside of our control. We have taken the optional exemption, permitted by accounting standards, to exclude disclosure of the estimated transaction price related to the variable portion of unsatisfied performance obligations at the end of the reporting period, as our transaction price is based on a single performance obligation consisting of a series of distinct hourly, or more frequent, periods, the variability of which will be resolved at the time of the future services.

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

**Disaggregation of Revenue**

The following table provides information about contract drilling revenue by rig types:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2019	2018	2019	2018
Floaters	\$ 144,079	\$ 134,079	\$ 297,233	\$ 254,715
Jackups	130,738	113,610	248,085	222,080
<b>Total</b>	<b>\$ 274,817</b>	<b>\$ 247,689</b>	<b>\$ 545,318</b>	<b>\$ 476,795</b>

**Note 9— Leases**

**Leases**

We determine if an arrangement is a lease at inception. Our operating lease agreements are primarily for real estate, equipment, storage, dock space and automobiles and are included within “Other current liabilities,” “Other assets” and “Other liabilities,” respectively, on our Condensed Consolidated Balance Sheets.

As most of our leases do not provide an implicit rate, we use our incremental borrowing rate based on the information available at commencement date in determining the present value of lease payments. Certain of our lease agreements include options to extend or terminate the lease, which we do not include in our minimum lease terms unless management is reasonably certain to exercise.

Supplemental balance sheet information related to leases was as follows:

	June 30, 2019
<b>Operating Leases</b>	
Operating lease right-of-use assets	\$ 28,895
Current operating lease liabilities	4,674
Long-term operating lease liabilities	23,759
Weighted average remaining lease term for operating leases (years)	8.8
Weighted average discounted rate for operating leases	9.6%

The components of lease cost were as follows:

	Three Months Ended June 30, 2019	Six Months Ended June 30, 2019
Operating lease cost	\$ 1,714	\$ 3,573
Short-term lease cost	2,357	4,409
Variable lease cost	216	745
<b>Total lease cost</b>	<b>\$ 4,287</b>	<b>\$ 8,727</b>

Supplemental cash flow information related to leases was as follows:

	Three Months Ended June 30, 2019	Six Months Ended June 30, 2019
Cash paid for amounts included in the measurement of lease liabilities		
Operating cash flows from operating leases	\$ 1,641	\$ 3,841

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

Maturities of lease liabilities as of June 30, 2019 were as follows:

	<b>Operating Leases</b>
2019 (remainder)	\$ 3,403
2020	6,634
2021	4,930
2022	3,867
2023	3,473
Thereafter	22,421
<b>Total lease payments</b>	<b>44,728</b>
Less: Interest	(16,295)
<b>Present value of lease liability</b>	<b>\$ 28,433</b>

**Note 10— Income Taxes**

At June 30, 2019, the reserves for uncertain tax positions totaled \$161.6 million (net of related tax benefits of \$1.0 million). At December 31, 2018, the reserves for uncertain tax positions totaled \$183.8 million (net of related tax benefits of \$1.0 million).

It is reasonably possible that our existing liabilities related to our reserve for uncertain tax positions may fluctuate in the next 12 months primarily due to the completion of open audits, adjustments to reserves as a result of new facts including but not limited to information obtained as a result of previously closed audits, or the expiration of statutes of limitation. However, we cannot reasonably estimate a range of changes in our existing liabilities due to various uncertainties, such as the unresolved nature of various audits.

At June 30, 2019, our income tax provision included a net tax benefit of \$33.7 million following the effective settlement of the examination of our U.S. tax returns for the taxable years ended December 31, 2010 and 2011.

At June 30, 2018, our income tax provision included a non-cash item of \$35.6 million related to the impairment of three rigs and certain capital spares.

**Note 11— Employee Benefit Plans**

Pension costs include the following components for the three and six months ended June 30, 2019 and 2018:

	<b>Three Months Ended June 30,</b>			
	<b>2019</b>		<b>2018</b>	
	<b>Non-U.S.</b>	<b>U.S.</b>	<b>Non-U.S.</b>	<b>U.S.</b>
Interest cost	\$ 431	\$ 2,178	\$ 354	\$ 2,044
Return on plan assets	(614)	(2,579)	(710)	(2,978)
Recognized net actuarial loss	2	693	—	411
<b>Net pension benefit cost (gain)</b>	<b>\$ (181)</b>	<b>\$ 292</b>	<b>\$ (356)</b>	<b>\$ (523)</b>

  

	<b>Six Months Ended June 30,</b>			
	<b>2019</b>		<b>2018</b>	
	<b>Non-U.S.</b>	<b>U.S.</b>	<b>Non-U.S.</b>	<b>U.S.</b>
Interest cost	\$ 876	\$ 4,356	\$ 819	\$ 4,089
Return on plan assets	(1,248)	(5,157)	(1,426)	(5,957)
Recognized net actuarial loss	5	1,385	—	822
<b>Net pension benefit cost (gain)</b>	<b>\$ (367)</b>	<b>\$ 584</b>	<b>\$ (607)</b>	<b>\$ (1,046)</b>

During the three and six months ended June 30, 2019 and 2018, we made no contributions to our pension plans. Effective December 31, 2016, employees and alternate payees accrue no future benefits under the U.S. plans and, as such, Noble recognized no service costs with the plans for the three and six months ended June 30, 2019 and 2018.

**Note 12— Fair Value of Financial Instruments**

The following tables present the carrying amount and estimated fair value of our financial instruments recognized at fair value on a recurring basis:

	<b>June 30, 2019</b>		
	<b>Estimated Fair Value Measurements</b>		
	<b>Quoted Prices in Active Markets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
	<b>Carrying Amount</b>		
<b>Assets -</b>			

Marketable securities	\$	7,675	\$	7,675	\$	—	\$	—
-----------------------	----	-------	----	-------	----	---	----	---

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

	December 31, 2018			
	Carrying Amount	Estimated Fair Value Measurements		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Assets -</b>				
Marketable securities	\$ 8,659	\$ 8,659	\$ —	\$ —

Our cash, cash equivalents and restricted cash, accounts receivable, marketable securities and accounts payable are by their nature short-term. As a result, the carrying values included in our Condensed Consolidated Balance Sheets approximate fair value.

**Note 13— Commitments and Contingencies**

***Transocean Ltd.***

In January 2017, a subsidiary of Transocean Ltd. (“Transocean”) filed suit against us and certain of our subsidiaries seeking damages for patent infringement in a Texas federal court and Transocean later added another claim alleging that we breached a 2007 settlement agreement we entered into with Transocean relating to patent claims in respect of another Noble rig. The suit claims that five of our newbuild rigs that operated in the U.S. Gulf of Mexico violated Transocean patents relating to what is generally referred to as dual-activity drilling, and Transocean is seeking royalties of a \$10.0 million fee and a five percent license fee for the pertinent period of operation for each vessel and damages for the breach of contract. The patents expired in the United States in May 2016 and are also expired in most other countries. We were aware of the patents when we constructed the rigs, and while there is inherent risk in litigation, we do not believe that our rigs infringe the Transocean patents or that there has been any breach of the 2007 agreement. The litigation continues, and the court has set a trial date in November 2019. We continue to defend ourselves vigorously against this claim.

***Brazil commercial agent***

We previously used a commercial agent in Brazil in connection with our Petróleo Brasileiro S.A. (“Petrobras”) drilling contracts. This agent represented a number of different companies in Brazil over many years, including several offshore drilling contractors. In November 2015, this agent pled guilty in Brazil in connection with the award of a drilling contract to a competitor and implicated a Petrobras official as part of a wider investigation of Petrobras’ business practices. Following news reports relating to the agent’s involvement in the Brazil investigation in connection with his activities with other companies, we conducted a review, which was substantially completed in 2017, of our relationship with the agent and with Petrobras. We have been in contact and cooperated with the SEC, the Brazilian federal prosecutor’s office and the U.S. Department of Justice (“DOJ”) about this matter and in December 2018, the SEC and the DOJ each advised us that they had closed their file on this matter. We have remained in contact with the Brazilian federal prosecutor’s office, who is aware of our internal review, and we continue to cooperate with any questions or requests they may have. To our knowledge, neither the agent, nor the government authorities investigating the matter, has alleged that the agent or Noble acted improperly in connection with our contracts with Petrobras.

***Paragon Offshore***

On August 1, 2014, Noble-UK completed the separation and spin-off of a majority of its standard specification offshore drilling business (the “Spin-off”) through a pro rata distribution of all of the ordinary shares of its wholly-owned subsidiary, Paragon Offshore plc (“Paragon Offshore”), to the holders of Noble’s ordinary shares. In February 2016, Paragon Offshore sought approval of a pre-negotiated plan of reorganization (the “Prior Plan”) by filing for voluntary relief under Chapter 11 of the United States Bankruptcy Code. As part of the Prior Plan, we entered into a settlement agreement with Paragon Offshore (the “Settlement Agreement”). The Prior Plan was rejected by the bankruptcy court in October 2016.

In April 2017, Paragon Offshore filed a revised plan of reorganization (the “New Plan”) in its bankruptcy proceeding. Under the New Plan, Paragon Offshore no longer needed the Mexican tax bonding that Noble-UK was to provide under the Settlement Agreement. Consequently, Paragon Offshore abandoned the Settlement Agreement as part of the New Plan, and the Settlement Agreement was terminated at the time of the filing of the New Plan. On May 2, 2017, Paragon Offshore announced that it had reached an agreement in principle with both its secured and unsecured creditors to revise the New Plan to create and fund a litigation trust to pursue litigation against us. On June 7, 2017, the revised New Plan was approved by the bankruptcy court, and Paragon Offshore emerged from bankruptcy on July 18, 2017.

On December 15, 2017, the litigation trust filed claims relating to the Spin-off against us and certain of our current and former officers and directors in the Delaware bankruptcy court that heard Paragon Offshore’s bankruptcy. The complaint alleges claims of alleged actual and constructive

**NOBLE CORPORATION PLC AND SUBSIDIARIES**  
**NOBLE CORPORATION AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unless otherwise indicated, dollar amounts in tables are in thousands, except per share data)

fraudulent conveyance, unjust enrichment and recharacterization of intercompany notes as equity claims against Noble and claims of breach of fiduciary duty and aiding and abetting breach of fiduciary duty against the officer and director defendants. The complaint states that the litigation trust is seeking damages of approximately \$1.7 billion from the Company, an amount equal to the amount borrowed by Paragon Offshore immediately prior to the Spin-off, as well as unspecified amounts in respect of the claims against the officer and director defendants all of whom have indemnification arrangements with us. Discovery continues and the court has set a litigation schedule which would result in all pre-trial activity being completed by the end of May 2020. A trial date has not yet been set.

We believe that Paragon Offshore, at the time of the Spin-off, was properly funded, solvent and had appropriate liquidity and that the claims brought by the litigation trust are without merit. However, the Company continually assesses potential outcomes, including the probability of the parties ultimately resolving the matter through settlement in light of various factors, including given the complex factual issues involved, the uncertainty and risk inherent in this type of litigation, the time commitment and distraction of our organization, the potential effect of the ongoing litigation and uncertainty on our business, and the substantial expense incurred in litigating the claims. As such, the Company's current estimated loss related to the final disposition of this matter is \$100.0 million, which the Company has recorded as a general and administrative expense for the three and six months ended June 30, 2019 and is reflected as a current liability as of June 30, 2019. As pre-trial matters progress, the Company's estimated loss could change, and that change could be material.

There is inherent risk and substantial expense in litigation, and the amount of damages that the plaintiff is seeking is substantial. If any of the litigation trust's claims are successful, or if we elect to settle any claims (in part to reduce or eliminate the ongoing cost of defending the litigation and eliminate any risk of a larger judgment against us), any damages or other amounts we would be required to or agree to pay in excess of the amount we recognized at June 30, 2019, could be substantial and could have a material adverse effect on our business, financial condition and results of operations. Given the risks and considerations discussed above, we cannot predict with any degree of certainty what the outcome of the litigation may be. Furthermore, as discussed below, we cannot predict the amount of insurance coverage, if any, that we may have if we were to settle or be found liable in the litigation.

We have directors' and officers' indemnification coverage for the officers and directors who have been sued by the litigation trust. The insurers have accepted coverage for the director and officer claims and we are continuing to discuss with them the scope of their reimbursement of litigation expenses. In addition, at the time of the Spin-off, we had entity coverage, or "Side C" coverage, which was meant to cover certain litigation claims up to the coverage limit of \$150.0 million, including litigation expenses. We have made a claim for coverage of the litigation trust's claims against Noble under such entity insurance. The insurers have rejected coverage for these claims. However, we intend to pursue coverage should the litigation be concluded adversely to us or should we settle in litigation. We cannot predict the amount of claims and expenses we may incur, pay or settle in the Paragon Offshore litigation that such insurance will cover, if any.

Prior to the completion of the Spin-off, Noble-UK and Paragon Offshore entered into a series of agreements to effect the separation and Spin-off and govern the relationship between the parties after the Spin-off (the "Separation Agreements"), including a Master Separation Agreement (the "MSA") and a Tax Sharing Agreement (the "TSA").

As part of its final bankruptcy plan, Paragon Offshore rejected the Separation Agreements. Accordingly, the indemnity obligations that Paragon Offshore potentially would have owed us under the Separation Agreements have now terminated, including indemnities arising under the MSA and the TSA in respect of obligations related to Paragon Offshore's business that were incurred through Noble-retained entities prior to the Spin-off. Likewise, any potential indemnity obligations that we would have owed Paragon Offshore under the Separation Agreements, including those under the MSA and the TSA in respect of Noble-UK's business that was conducted prior to the Spin-off through Paragon Offshore-retained entities, are now also extinguished. In the absence of the Separation Agreements, liabilities relating to the respective parties will be borne by the owner of the legal entity or asset at issue and neither party will look to an allocation based on the historic relationship of an entity or asset to one of the party's business, as had been the case under the Separation Agreements.

The rejection and ultimate termination of the indemnity and related obligations under the Separation Agreements resulted in a number of accounting charges and benefits during the year ended December 31, 2017, and such termination may continue to affect us in the future as liabilities arise for which we would have been indemnified by Paragon Offshore or would have had to indemnify Paragon Offshore. We do not expect that, overall, the rejection of the Separation Agreements by Paragon Offshore will have a material adverse effect on our financial condition or liquidity. However, any loss we experience with respect to which we would have been able to secure indemnification from Paragon Offshore under one or more of the Separation Agreements could have an adverse impact on our results of operations in any period, which impact may be material depending on our results of operations during this down-cycle.

During the six months ended June 30, 2019, we recognized charges of \$3.8 million recorded in "Net loss from discontinued operations, net of tax" on our Condensed Consolidated Statement of Operations relating to settlement of Mexico customs audits from rigs included in the Spin-off.

***Tax matters***

The Internal Revenue Service (“IRS”) has completed its examination procedures including all appeals and administrative reviews for the taxable years ended December 31, 2010 and December 31, 2011. In June 2019, the IRS examination team notified us that they were no longer proposing any adjustments with respect to our tax reporting for the taxable years ended December 31, 2010 and December 31, 2011. We are due a refund for the 2010 and 2011 tax years. During the third quarter of 2017, the IRS initiated its examination of our 2012, 2013, 2014 and 2015 tax returns. We believe that we have accurately reported all amounts in our 2012, 2013, 2014, and 2015 tax returns.

Audit claims of approximately \$52.6 million attributable to income and other business taxes have been assessed against Noble entities in Mexico related to tax years 2005 and 2007. We intend to vigorously defend our reported positions, and believe the ultimate resolution of the audit claims will not have a material adverse effect on our consolidated financial statements.

We operate in a number of countries throughout the world and our tax returns filed in those jurisdictions are subject to review and examination by tax authorities within those jurisdictions. We recognize uncertain tax positions that we believe have a greater than 50 percent likelihood of being sustained. We cannot predict or provide assurance as to the ultimate outcome of any existing or future assessments.

***Other contingencies***

We have entered into agreements with certain of our executive officers, as well as certain other employees. These agreements become effective upon a change of control of Noble-UK (within the meaning set forth in the agreements) or a termination of employment in connection with or in anticipation of a change of control, and remain effective for three years thereafter. These agreements provide for compensation and certain other benefits under such circumstances.

We are a defendant in certain claims and litigation arising out of operations in the ordinary course of business, including personal injury claims, the resolution of which, in the opinion of management, will not be material to our financial position, results of operations or cash flows. There is inherent risk in any litigation or dispute and no assurance can be given as to the outcome of these claims.

**Note 14— Supplemental Financial Information**

***Condensed Consolidated Balance Sheets Information***

Our restricted cash balance as of June 30, 2019 and December 31, 2018 consisted of \$1.3 million and \$0.7 million, respectively, and is included in “Prepaid expenses and other current assets.”

***Condensed Consolidated Statements of Cash Flows Information***

***Operating cash activities***

The net effect of changes in other assets and liabilities on cash flows from operating activities is as follows:

	Noble-UK		Noble-Cayman	
	Six Months Ended June 30,		Six Months Ended June 30,	
	2019	2018	2019	2018
Accounts receivable	\$ (21,767)	\$ (7,533)	\$ (21,767)	\$ (7,533)

**Note 16— Subsequent Events**

On July 26, 2019, we executed an amendment to our 2017 Credit Facility (the “First Amendment to the 2017 Credit Facility”) that replaced the covenant that limited our ratio of debt to total tangible capitalization with a covenant that limits our ratio of Senior Guaranteed Indebtedness (as defined in the First Amendment to the 2017 Credit Facility) to Adjusted EBITDA (as defined in the First Amendment to the 2017 Credit Facility) as of the last day of each fiscal quarter, with such ratio not to exceed 4.0 to 1.0 for the fiscal quarters ending September 30, 2019 through December 31, 2020, 3.5 to 1.0 for the fiscal quarters ending March 31, 2021 through December 31, 2021 and 3.0 to 1.0 for the fiscal quarters ending March 31, 2022 and thereafter. In addition, the First Amendment to the 2017 Credit Facility reduced total commitments under the 2017 Credit Facility from \$1.5 billion to \$1.3 billion and added a requirement that any amounts drawn under the 2017 Credit Facility not exceed the amount available under the Indenture Secured Debt Basket (as defined in the First Amendment to the 2017 Credit Facility). The maturity remains January 2023.

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion is intended to assist you in understanding our financial position at June 30, 2019, and our results of operations for the three and six months ended June 30, 2019 and 2018. The following discussion should be read in conjunction with the condensed consolidated financial statements and related notes contained in this Quarterly Report on Form 10-Q and the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K for the year ended December 31, 2018 filed by Noble Corporation plc, a public limited company incorporated under the laws of England and Wales (“Noble-UK”), and Noble Corporation, a Cayman Islands company (“Noble-Cayman”).

**Forward-Looking Statements**

This Quarterly Report on Form 10-Q includes “forward-looking statements” within the meaning of Section 27A of the U.S. Securities Act of 1933, as amended, and Section 21E of the U.S. Securities Exchange Act of 1934, as amended. All statements other than statements of historical facts included in this report or in the documents incorporated by reference, including those regarding rig demand, the offshore drilling market, oil prices, contract backlog, fleet status, our future financial position, business strategy, impairments, repayment of debt, credit ratings, borrowings under our Credit Facilities (as defined herein) or other instruments, sources of funds, future capital expenditures, contract commitments, dayrates, contract commencements, extension or renewals, contract tenders, the outcome of the Paragon Offshore litigation or any other dispute, litigation, audit or investigation, plans and objectives of management for future operations, foreign currency requirements, results of joint ventures, indemnity and other contract claims, reactivation, refurbishment, conversion and upgrade of rigs, industry conditions, access to financing, impact of competition, governmental regulations and permitting, availability of labor, worldwide economic conditions, taxes and tax rates, indebtedness covenant compliance, dividends and distributable reserves, timing or results of acquisitions or dispositions, and timing for compliance with any new regulations are forward-looking statements. When used in this report, or in the documents incorporated by reference, the words “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “plan,” “project,” “should” and similar expressions are intended to be among the statements that identify forward-looking statements. Although we believe that the expectations reflected in such forward-looking statements are reasonable, we cannot assure you that such expectations will prove to be correct. These forward-looking statements speak only as of the date of this report on Form 10-Q and we undertake no obligation to revise or update any forward-looking statement for any reason, except as required by law. We have identified factors including but not limited to market conditions, factors affecting the level of activity in the oil and gas industry, supply and demand of drilling rigs, factors affecting the duration of contracts, the actual amount of downtime, factors that reduce applicable dayrates, operating hazards and delays, risks associated with operations outside the U.S., actions by regulatory authorities, credit rating agencies, customers, joint venture partners, contractors, lenders and other third parties, legislation and regulations affecting drilling operations, compliance with regulatory requirements, violations of anti-corruption laws, shipyard risk and timing, delays in mobilization of rigs, hurricanes and other weather conditions, and the future price of oil and gas that could cause actual plans or results to differ materially from those included in any forward-looking statements. These factors include those referenced or described in Part I, Item 1A. “Risk Factors” of our Annual Report on Form 10-K for the year ended December 31, 2018, our Quarterly Reports on Form 10-Q and in our other filings with the U.S. Securities and Exchange Commission (“SEC”). We cannot control such risk factors and other uncertainties, and in many cases, we cannot predict the risks and uncertainties that could cause our actual results to differ materially from those indicated by the forward-looking statements. You should consider these risks and uncertainties when you are evaluating us.

## Executive Overview

We provide contract drilling services to the international oil and gas industry with our global fleet of mobile offshore drilling units. As of the filing date of this Quarterly Report on Form 10-Q, our fleet of 25 drilling rigs consisted of 12 floaters (consisting of four semisubmersibles and eight drillships) and 13 jackups strategically deployed worldwide in both established and emerging ultra-deepwater and shallow water locations. We typically employ each drilling unit under an individual contract. Although the final terms of the contracts result from negotiations with our customers, many contracts are awarded based upon a competitive bidding process.

We report our contract drilling operations as a single reportable segment, Contract Drilling Services, which reflects how we manage our business. The mobile offshore drilling units comprising our offshore rig fleet operate in a global market for contract drilling services and are often redeployed to different regions due to changing demands of our customers, which consist primarily of large, integrated, independent and government-owned or controlled oil and gas companies throughout the world.

## Outlook

We continue to see steady improvement in our business, as evidenced by increased contracting and bidding activity. Oil prices have improved from the drop experienced at the end of the fourth quarter of 2018 and into 2019. Brent crude oil averaged \$64.22 per barrel during June 2019, which exceeded the average closing price for December 2018 by \$6.86 per barrel. However, the challenging business environment for offshore drillers persists due to an industry-wide rig supply imbalance that resulted from a multi-year period of investment in new offshore drilling capacity and the slackened demand for offshore drilling. Following the period of industry expansion, a period of oil price volatility compelled exploration and production companies to reduce spending and deemphasize offshore programs while focusing instead on land-based opportunities. A portion of the newbuild offshore rig capacity ordered prior to the decline in industry activity continues to exit shipyards, while the delivery of other newbuild rigs has been delayed into the future. In either case, these rigs have added to the prevailing supply imbalance. Since 2015, the industry has experienced a higher level of fleet attrition, as rigs are removed from the global supply due to a number of factors, including advanced service life, high maintenance and reactivation costs and limited customer appeal, but the pace of attrition is significantly less than what would be required to remedy the capacity imbalance in the near term. Additionally, our customers have adopted a more cautious approach to offshore spending due, in part, to volatility in crude oil prices over the past five years. During 2018 and the first half of 2019, the industry saw improvement in leading edge dayrates in the high specification jackup sector, especially in regions such as the North Sea and Middle East where approximately 80 percent of our fleet is located. We remain cautiously optimistic that this trend will continue throughout 2019. The floating sector, while improving, has not enjoyed the same pricing improvement as the jackup sector. While market improvement during the first half of 2019 gives cause for some optimism, additional customer activity will be required before floating sector dayrates move higher.

In spite of the gradual improvement in offshore activities in 2018 and early 2019, we expect the business environment for the remainder of 2019 to remain challenging. The uncertainty of the viability and length of reductions in production agreed to by the Organization of Petroleum Exporting Countries ("OPEC") plus other non-OPEC producers including Russia ("OPEC+"), the incremental production capacity in non-OPEC+ countries, including production from U.S. shale activity, the current U.S. political environment and fluid sentiment in oil markets are contributing to an uncertain oil price environment, leading to considerable uncertainty in our customers' production spending plans. However, steady oil demand growth, the lack of production investments in various countries and the production limits agreed to by OPEC+ should support higher sustained crude prices and lead to improved offshore spending by our customers over time. In general, recent contract awards have been subject to an extremely competitive bidding process. As a result, the contracts have been for dayrates and contract terms that are substantially lower than rates and terms were for the same class of rigs before this period of imbalance.

We cannot give any assurances as to when conditions in the offshore drilling market will improve, or when the oversupply of available drilling rigs will come back into balance.

Due to numerous factors that influence our customers' annual global offshore spending patterns, including geopolitical events, we cannot predict the future level of demand or dayrates for our services, or future conditions in the offshore contract drilling industry. However, we believe the existence of certain factors should over time contribute to an improvement in the market for our services, driven in part by an acceleration in customers' offshore spending. These factors include:

- sustained higher crude oil prices;
- improved geologic success with regard to our customers' exploration efforts;
- greater customer access to areas with promising offshore resource potential;
- advances in offshore technological applications which reduce offshore costs and improve project economics;
- high rate of natural depletion relating to land-based sources of crude oil production;

- deteriorating annual production and poor reserve replacement metrics caused, in part, by a period of sustained under-investment by our customers; and
- declining supply of rigs due to continued attrition.

We believe that we are strategically well positioned during this period of fundamental weakness for several reasons, including our substantial backlog, modern fleet of high-specification rigs and strong operational capability. We also believe that these strengths will help us take advantage of any future market upcycle.

## Results and Strategy

Our business strategy focuses on a balanced, high-specification fleet of both floating and jackup rigs and the offering of our drilling services in oil and gas basins around the world. We emphasize safe operations through the employment of quality, well-trained crews and strive to manage rig operating costs through the implementation and continuous improvement of innovative systems and processes, including the use of data analytics and predictive maintenance technology.

Our floating and jackup drilling fleet is among the youngest, most modern and versatile in the industry. Our fleet consists predominately of technologically advanced units, equipped with sophisticated systems and components capable of executing our customers' increasingly complicated offshore drilling programs safely and with greater efficiency. A total of 16 of our drilling rigs have been delivered since 2011 following their construction in quality shipyards located primarily in Korea and Singapore. We have not engaged in newbuild rig construction since 2016. We have also retired or sold 11 drilling rigs since late 2014, due in part to advanced service lives, high cost of operation and limited customer appeal. Current market conditions could lead to us stacking or retiring additional rigs.

Although we plan to prioritize capital preservation and liquidity based on the challenging market conditions, from time to time we will also continue to evaluate opportunities to enhance our fleet of floating and jackup rigs, particularly focusing on higher specification rigs, to execute the increasingly complex drilling programs required by our customers.

On February 28, 2019, we purchased another GustoMSC CJ46 rig, the *Noble Joe Knight*. We paid \$83.8 million for the rig, with \$30.2 million paid in cash and the remaining \$53.6 million of the purchase price financed with a loan by the seller, PaxOcean Group ("PaxOcean"), in which 95% of the principal is due at the end of the four-year term. See "Note 6—Debt" to our condensed consolidated financial statements for additional information.

## Spin-off of Paragon Offshore plc

On August 1, 2014, Noble-UK completed the separation and spin-off of a majority of its standard specification offshore drilling business (the "Spin-off") through a pro rata distribution of all of the ordinary shares of its wholly-owned subsidiary, Paragon Offshore plc ("Paragon Offshore"), to the holders of Noble's ordinary shares. In February 2016, Paragon Offshore sought approval of a pre-negotiated plan of reorganization (the "Prior Plan") by filing for voluntary relief under Chapter 11 of the United States Bankruptcy Code. As part of the Prior Plan, we entered into a settlement agreement with Paragon Offshore (the "Settlement Agreement"). The Prior Plan was rejected by the bankruptcy court in October 2016.

In April 2017, Paragon Offshore filed a revised plan of reorganization (the "New Plan") in its bankruptcy proceeding. Under the New Plan, Paragon Offshore no longer needed the Mexican tax bonding that Noble-UK was to provide under the Settlement Agreement. Consequently, Paragon Offshore abandoned the Settlement Agreement as part of the New Plan, and the Settlement Agreement was terminated at the time of the filing of the New Plan. On May 2, 2017, Paragon Offshore announced that it had reached an agreement in principle with both its secured and unsecured creditors to revise the New Plan to create and fund a litigation trust to pursue litigation against us. On June 7, 2017, the revised New Plan was approved by the bankruptcy court, and Paragon Offshore emerged from bankruptcy on July 18, 2017.

On December 15, 2017, the litigation trust filed claims relating to the Spin-off against us and certain of our current and former officers and directors in the Delaware bankruptcy court that heard Paragon Offshore's bankruptcy. The complaint alleges claims of alleged actual and constructive fraudulent conveyance, unjust enrichment and recharacterization of intercompany notes as equity claims against Noble and claims of breach of fiduciary duty and aiding and abetting breach of fiduciary duty against the officer and director defendants. The complaint states that the litigation trust is seeking damages of approximately \$1.7 billion from the Company, an amount equal to the amount borrowed by Paragon Offshore immediately prior to the Spin-off, as well as unspecified amounts in respect of the claims against the officer and director defendants, all of whom have indemnification arrangements with us. Discovery continues and the court has set a litigation schedule, which would result in all pre-trial activity being completed by the end of May 2020. A trial date has not yet been set.

We believe that Paragon Offshore, at the time of the Spin-off, was properly funded, solvent and had appropriate liquidity and that the claims brought by the litigation trust are without merit. However, the Company continually assesses potential outcomes, including the probability of the

parties ultimately resolving the matter through settlement in light of various factors, including given the complex factual issues involved, the uncertainty risk inherent in this type of litigation, the time commitment and distraction of our organization, the potential effect of the ongoing litigation and uncertainty on our business, and the substantial expense incurred in litigation claims. As such, the Company's current estimated loss related to final disposition of this matter is \$100.0 million, which the Company has recorded as a general and administrative expense for the three and six months ended June 30, 2019 and is reflected as a current liability as of June 30, 2019. As pretrial matters progress, the Company's estimated loss could change, and that change could be material.

There is inherent risk and substantial expense in litigation, and the amount of damages that the plaintiff is seeking is substantial. If any of the litigation trust's claims are successful, or if we elect to settle any claims (in part to reduce or eliminate the ongoing cost of defending the litigation and eliminate any risk of a larger judgment against us), any damages or other amounts we would be required to or agree to pay in excess of the amount we recognized at June 30, 2019, could be substantial and could have a material adverse effect on our business, financial condition and results of operations. Given the risks and considerations discussed above, we cannot predict with any degree of certainty what the outcome of the litigation may be. Furthermore, as discussed below, we cannot predict the amount of insurance coverage, if any, that we may have if we were to settle or be found liable in the litigation.

We have directors' and officers' indemnification coverage for the officers and directors who have been sued by the litigation trust. The insurers have accepted coverage for the director and officer claims and we are continuing to discuss with them the scope of their reimbursement of litigation expenses. In addition, at the time of the Spin-off, we had entity coverage, or "Side C" coverage, which was meant to cover certain litigation claims up to the coverage limit of \$150.0 million, including litigation expenses. We have made a claim for coverage of the litigation trust's claims against Noble under such entity insurance. The insurers have rejected coverage for these claims. However, we intend to pursue coverage should the litigation be concluded adversely to us or should we settle the litigation. We cannot predict the amount of claims and expenses we may incur, pay or settle in the Paragon Offshore litigation that such insurance will cover, if any.

Prior to the completion of the Spin-off, Noble-UK and Paragon Offshore entered into a series of agreements to effect the separation and Spin-off and govern the relationship between the parties after the Spin-off (the "Separation Agreements"), including a Master Separation Agreement (the "MSA") and a Tax Sharing Agreement (the "TSA").

As part of its final bankruptcy plan, Paragon Offshore rejected the Separation Agreements. Accordingly, the indemnity obligations that Paragon Offshore potentially would have owed us under the Separation Agreements have now terminated, including indemnities arising under the MSA and the TSA in respect of obligations related to Paragon Offshore's business that were incurred through Noble-retained entities prior to the Spin-off. Likewise, any potential indemnity obligations that we would have owed Paragon Offshore under the Separation Agreements, including those under the MSA and the TSA in respect of Noble-UK's business that was conducted prior to the Spin-off through Paragon Offshore-retained entities, are now also extinguished. In the absence of the Separation Agreements, liabilities relating to the respective parties will be borne by the owner of the legal entity or asset at issue and neither party will look to an allocation based on the historic relationship of an entity or asset to one of the party's business, as had been the case under the Separation Agreements.

The rejection and ultimate termination of the indemnity and related obligations under the Separation Agreements resulted in a number of accounting charges and benefits during the year ended December 31, 2017, and such termination may continue to affect us in the future as liabilities arise for which we would have been indemnified by Paragon Offshore or would have had to indemnify Paragon Offshore. We do not expect that, overall, the rejection of the Separation Agreements by Paragon Offshore will have a material adverse effect on our financial condition or liquidity. However, any loss we experience with respect to which we would have been able to secure indemnification from Paragon Offshore under one or more of the Separation Agreements could have an adverse impact on our results of operations in any period, which impact may be material depending on our results of operations during this down-cycle.

During the six months ended June 30, 2019, we recognized charges of \$3.8 million recorded in "Net loss from discontinued operations, net of tax" on our Condensed Consolidated Statement of Operations relating to settlement of Mexico customs audits from rigs included in the Spin-off.

### **Contract Drilling Services Backlog**

We maintain a backlog of commitments for contract drilling services. Our contract drilling services backlog reflects estimated future revenues attributable to signed drilling contracts. While backlog did not include any letters of intent as of June 30, 2019, in the past we have included in backlog certain letters of intent that we expect to result in binding drilling contracts.

We calculate backlog for any given rig and period by multiplying the full contractual operating dayrate for such rig by the number of days remaining in the period, and for the three rigs contracted with Royal Dutch Shell plc ("Shell") mentioned below, we utilize the idle period and floor rates as described in footnote (2) to the backlog table below. The reported contract drilling services backlog does not include amounts representing revenues for mobilization, demobilization and contract preparation, which are not expected to be significant to our contract drilling

services revenues, amounts constituting reimbursables from customers or amounts attributable to uncommitted option periods under drilling contracts or letters of intent.

The table below presents the amount of our contract drilling services backlog and the percent of available operating days committed for the periods indicated:

	Year Ending December 31,					
	Total	2019 <sup>(1)</sup>	2020	2021	2022	2023
(In thousands)						
<b>Contract Drilling Services Backlog</b>						
Floaters <sup>(2)(3)</sup>	\$ 1,328,747	\$ 252,653	\$ 481,239	\$ 338,025	\$ 187,255	\$ 69,575
Jackups	819,855	258,972	327,051	166,805	67,027	—
Total <sup>(4)</sup>	<u>\$ 2,148,602</u>	<u>\$ 511,625</u>	<u>\$ 808,290</u>	<u>\$ 504,830</u>	<u>\$ 254,282</u>	<u>\$ 69,575</u>
<b>Percent of Available Days Committed <sup>(5)</sup></b>						
Floaters		60%	48%	27%	15%	6%
Jackups		86%	47%	31%	13%	—%
Total		<u>73%</u>	<u>47%</u>	<u>29%</u>	<u>14%</u>	<u>3%</u>

(1) Represents a six-month period beginning July 1, 2019.

(2) As previously reported, three of our long-term drilling contracts with Shell, the *Noble Bully II*, *Noble Globetrotter I* and *Noble Globetrotter II*, contain a dayrate adjustment mechanism that utilizes an average of market rates that match a set of distinct technical attributes and is subject to a modest discount, beginning on the fifth-year anniversary of the contract and continuing every six months thereafter. On December 12, 2016, we amended those drilling contracts with Shell. As a result of the amendments, each of the contracts now has a contractual dayrate floor. The contract amendments for the *Noble Globetrotter I* and *Noble Globetrotter II* provide a dayrate floor of \$275,000 per day. The *Noble Bully II* contract contains a dayrate floor of \$200,000 per day plus daily operating expenses. The amendment also provided Shell the right to idle the *Noble Bully II* for up to one year at a special stacking rate. The *Noble Bully II* was idled at a rate of \$200,000 per day, effective April 3, 2017. In April 2018, we agreed with Shell to extend the idle period for the *Noble Bully II* through December 31, 2018 at a revised rate of \$230,000 per day. We are currently engaged in discussions with Shell with respect to its plans for the rig and the potential dayrates based on such plans. We have reflected the revised rate of \$230,000 per day through the end of 2019 in our backlog. Once the dayrate adjustment mechanism becomes effective and following any idle periods, the dayrate for these rigs will not be lower than the higher of (i) the contractual dayrate floor or (ii) the market rate as calculated under the adjustment mechanism. The impact to contract backlog from these amendments has been reflected in the table above and the backlog calculation assumes that, after any idle period at the contractual stacking rate, each rig will work at their respective dayrate floor for the remaining contract term.

(3) Noble and a subsidiary of Shell are involved in joint ventures that own and operate both the *Noble Bully I* and the *Noble Bully II*. Pursuant to these agreements, each party has an equal 50 percent share in both vessels. As of June 30, 2019, the backlog for the *Noble Bully II* totaled \$323.8 million, all of which is included in backlog. As of the same date, the *Noble Bully I* had no backlog. Noble's proportional interest in the backlog for these rigs totaled \$161.9 million.

(4) Some of our drilling contracts provide the customers with certain early termination rights and, in limited cases, those termination rights require minimal or no notice and minimal financial penalties.

(5) Percent of available days committed is calculated by dividing the total number of days our rigs are operating under contract for such period by the product of the number of our rigs and the number of calendar days in such period.

The amount of actual revenues earned and the actual periods during which revenues are earned may be materially different than the backlog amounts and backlog periods presented in the table above due to various factors, including, but not limited to, shipyard and maintenance projects, unplanned downtime, the operation of market benchmarks for dayrate resets, achievement of bonuses, weather conditions, reduced standby or mobilization rates and other factors that result in applicable dayrates lower than the full contractual operating dayrate. In addition, amounts included in the backlog may change because drilling contracts may be varied or modified by mutual consent or customers may exercise early termination rights contained in some of our drilling contracts or decline to enter into a drilling contract after executing a letter of intent. As a result, our backlog as of any particular date may not be indicative of our actual operating results for the periods for which the backlog is calculated. See Part I, Item 1A, "Risk Factors – Our current backlog of contract drilling revenue may not be ultimately realized" in our Annual Report on Form 10-K for the year ended December 31, 2018.

As of June 30, 2019, Shell, Saudi Arabian Oil Company and ExxonMobil represented approximately 48.9 percent, 22.9 percent and 11.8 percent of our backlog, respectively.

## Results of Operations

### For the Three Months Ended June 30, 2019 and 2018

Net loss from continuing operations attributable to Noble-UK for the three months ended June 30, 2019 was \$152.0 million, or \$0.61 per diluted share, on operating revenues of \$292.9 million, compared to net loss from continuing operations for the three months ended June 30, 2018 of \$628.1 million, or \$2.55 per diluted share, on operating revenues of \$258.4 million.

As a result of Noble-UK conducting all of its business through Noble-Cayman and its subsidiaries, the financial position and results of operations for Noble-Cayman, and the reasons for material changes in the amount of revenue and expense items between June 30, 2019 and June 30, 2018, would be the same as the information presented below regarding Noble-UK in all material respects, with the exception of operating loss. During the three months ended June 30, 2019 and 2018, Noble-Cayman's operating losses were \$108.6 million and \$15.8 million lower, respectively, than that of Noble-UK. The operating loss difference is primarily a result of expenses related to ongoing litigation, administration and other costs directly attributable to Noble-UK for operations support and stewardship-related services. In the three months ended June 30, 2019, Noble-UK recorded a \$100.0 million expense related to ongoing litigation, which was not recognized by Noble-Cayman.

### Key Operating Metrics

Operating results for our contract drilling services segment are dependent on three primary metrics: operating days, dayrates and operating costs. We also track rig utilization, which is a function of operating days and the number of rigs in our fleet. For more information on operating costs, see “—Contract Drilling Services” below. The following table presents the average rig utilization, operating days and average dayrates for our rig fleet for the periods indicated:

	Average Rig Utilization <sup>(1)</sup>		Operating Days <sup>(2)</sup>			Average Dayrates		
	Three Months Ended June 30,		Three Months Ended June 30,			Three Months Ended June 30,		
	2019	2018	2019	2018	% Change	2019	2018	% Change
Jackups	98%	70%	1,050	872	20%	\$ 124,572	\$ 130,332	(4)%
Floater	67%	39%	728	499	46%	197,911	268,588	(26)%
<b>Total</b>	<b>82%</b>	<b>54%</b>	<b>1,778</b>	<b>1,371</b>	<b>30%</b>	<b>\$ 154,609</b>	<b>\$ 180,689</b>	<b>(14)%</b>

(1) We define utilization for a specific period as the total number of days our rigs are operating under contract, divided by the product of the total number of our rigs, including cold stacked rigs, and the number of calendar days in such period. Information reflects our policy of reporting on the basis of the number of available rigs in our fleet, excluding newbuild rigs under construction.

(2) Information reflects the number of days that our rigs were operating under contract.

## Contract Drilling Services

The following table presents the operating results for our contract drilling services segment for the periods indicated (dollars in thousands):

	Three Months Ended June 30,		Change	
	2019	2018	\$	%
<b>Operating revenues:</b>				
Contract drilling services	\$ 274,817	\$ 247,689	\$ 27,128	11 %
Reimbursables and other <sup>(1)</sup>	18,119	10,680	7,439	70 %
	<u>292,936</u>	<u>258,369</u>	<u>34,567</u>	<u>13 %</u>
<b>Operating costs and expenses:</b>				
Contract drilling services	168,865	151,437	17,428	12 %
Reimbursables <sup>(1)</sup>	15,381	8,297	7,084	85 %
Depreciation and amortization	107,802	124,223	(16,421)	(13)%
General and administrative	116,252	21,717	94,535	435 %
Loss on impairments	—	792,843	(792,843)	(100)%
	<u>408,300</u>	<u>1,098,517</u>	<u>(690,217)</u>	<u>(63)%</u>
<b>Operating income (loss)</b>	<u>\$ (115,364)</u>	<u>\$ (840,148)</u>	<u>\$ 724,784</u>	<u>(86)%</u>

<sup>(1)</sup> We record reimbursements from customers for out-of-pocket expenses as operating revenues and the related direct costs as operating expenses. Changes in the amount of these reimbursables generally do not have a material effect on our financial position, results of operations or cash flows.

**Operating Revenues.** The \$27.1 million increase in contract drilling services revenues for the three months ended June 30, 2019 as compared to the same period of 2018 was composed of a \$46.2 million increase due to an increased number of operating days offset by a \$19.1 million decrease from lower dayrates. The revenue increase was due to a \$10.0 million and \$17.1 million increase in floater and jackup fleet revenues, respectively.

The \$10.0 million revenue increase in our floater fleet for the three months ended June 30, 2019 is attributable to a \$33.2 million increase due to an increased number in operating days as three rigs, the *Noble Clyde Boudreaux*, the *Noble Sam Croft*, and the *Noble Tom Madden*, returned to service which was offset by a decline of \$5.6 million due to the *Noble Paul Romano* being warm-stacked in the middle of the second quarter of 2018. Floater fleet revenue was also impacted by a decline in dayrates of \$36.4 million as the legacy contract for the *Noble Don Taylor* and the legacy assignment for the *Noble Globetrotter I* were completed in early 2019. These dayrate reductions were offset by an increase in dayrates of \$18.8 million on other rigs. This increase was mainly attributable to the *Noble Globetrotter II*, which experienced an uplift in revenue in part due to the Company owned managed pressure drilling system.

The \$17.1 million revenue increase in our jackup fleet for the three months ended June 30, 2019 is attributable to a \$18.6 million increase due to more operating days, mainly due to the *Noble Sam Hartley* and *Noble Mick O'Brien* rigs, which returned to service, and the *Noble Johnny Whitstine*, which was placed in service for the first time. This increase was partially offset by a \$1.5 million decline in revenues associated with lower dayrates as legacy contracts were completed in early 2019.

**Operating Costs and Expenses.** Contract drilling services costs increased \$17.4 million for the three months ended June 30, 2019 as compared to the same period of 2018. Rigs that returned to service or were placed in service for the first time in the current period accounted for \$23.0 million of the increase. Cost increases were seen across all rig related expense categories, including personnel-related expenses and expenses for repairs and maintenance as rigs returned to operations. These increases were partially offset by a couple of rigs that had more operating days in the prior quarter as compared to the current quarter, resulting in a decrease in contract drilling services costs of \$2.5 million and a reduction in the current period of \$2.7 million due mainly to lower customer required personnel and lower mobilization costs, for the *Noble Don Taylor*.

Depreciation and amortization decreased \$16.4 million for the three months ended June 30, 2019 as compared to the same period of 2018. The decline was due to the effect of rig impairments during 2018.

Loss on impairments of \$792.8 million in the comparable quarter was a result of an impairment charge on three rigs and certain capital spare equipment.

## Other Income and Expenses

**General and Administrative Expenses.** General and administrative expenses increased \$94.5 million during the three months ended June 30, 2019 as compared to the same period of 2018, primarily as a result of Noble-UK recognizing a \$100.0 million expense in connection with ongoing litigation during the three months ended June 30, 2019, offset by a decrease in employee-related costs, professional fees and lower office rent.

**Interest Expense.** Interest expense decreased \$5.2 million during the three months ended June 30, 2019 as compared to the same period of 2018. This decrease was primarily due to the retirement of a portion of various tranches of our senior notes as a result of tender offers and open market repurchases throughout 2018 and early 2019. This decrease was offset by the issuance of our two Seller Loans (as defined herein) in late 2018 and early 2019 as well as the borrowing on our Credit Facilities (as defined herein) in early 2019. For additional information, see “Note 6— Debt” to our condensed consolidated financial statements.

**Income Tax Benefit.** Our income tax benefit decreased by \$1.7 million for the three months ended June 30, 2019 as compared to the same period of 2018. Excluding the tax impact of extraordinary items such as the tax benefit from the settlement of our uncertain tax positions related to the 2010-2011 U.S. tax audit of \$33.7 million, which was effectively settled in the current period, and the tax benefit from the asset impairment of \$35.6 million for the same period of 2018, our income tax benefit increased by \$0.3 million. This increase is comprised of a \$1.3 million increase in tax benefit due to higher worldwide effective tax rate and a \$1.0 million decrease in the tax benefit due to a lower pre-tax loss. The increase in the worldwide effective tax rate is primarily a result of the geographic mix of income and sources of revenue during the current period.

### For the Six Months Ended June 30, 2019 and 2018

Net loss from continuing operations attributable to Noble-UK for the six months ended June 30, 2019 was \$219.0 million, or \$0.88 per diluted share, on operating revenues of \$575.8 million, compared to net loss from continuing operations for the six months ended June 30, 2018 of \$770.4 million, or \$3.13 per diluted share, on operating revenues of \$493.5 million.

As a result of Noble-UK conducting all of its business through Noble-Cayman and its subsidiaries, the financial position and results of operations for Noble-Cayman, and the reasons for material changes in the amount of revenue and expense items between June 30, 2019 and June 30, 2018, would be the same as the information presented below regarding Noble-UK in all material respects, with the exception of operating loss. During the six months ended June 30, 2019 and 2018, Noble-Cayman's operating losses were \$118.7 million and \$26.0 million lower, respectively, than that of Noble-UK. The operating loss difference is primarily a result of administration and other costs directly attributable to Noble-UK for operations support and stewardship-related services. In the six months ended June 30, 2019, Noble-UK recorded a \$100.0 million expense related to ongoing litigation, which was not recognized by Noble-Cayman.

### Key Operating Metrics

Operating results for our contract drilling services segment are dependent on three primary metrics: operating days, dayrates and operating costs. We also track rig utilization, which is a function of operating days and the number of rigs in our fleet. For more information on operating costs, see “—Contract Drilling Services” below. The following table presents the average rig utilization, operating days and average dayrates for our rig fleet for the periods indicated:

	Average Rig Utilization <sup>(1)</sup>		Operating Days <sup>(2)</sup>			Average Dayrates		
	Six Months Ended June 30,		Six Months Ended June 30,			Six Months Ended June 30,		
	2019	2018	2019	2018	% Change	2019	2018	% Change
Jackups	96%	63%	1,972	1,578	25%	\$ 125,777	\$ 140,779	(11)%
Floaters	63%	38%	1,375	964	43%	216,170	264,120	(18)%
<b>Total</b>	<b>79%</b>	<b>51%</b>	<b>3,347</b>	<b>2,542</b>	<b>32%</b>	<b>\$ 162,908</b>	<b>\$ 187,574</b>	<b>(13)%</b>

(1) We define utilization for a specific period as the total number of days our rigs are operating under contract, divided by the product of the total number of our rigs, including cold stacked rigs, and the number of calendar days in such period. Information reflects our policy of reporting on the basis of the number of available rigs in our fleet, excluding newbuild rigs under construction.

(2) Information reflects the number of days that our rigs were operating under contract.

## Contract Drilling Services

The following table presents the operating results for our contract drilling services segment for the periods indicated (dollars in thousands):

	Six Months Ended June 30,		Change	
	2019	2018	\$	%
<b>Operating revenues:</b>				
Contract drilling services	\$ 545,318	\$ 476,795	\$ 68,523	14 %
Reimbursables and other <sup>(1)</sup>	30,506	16,731	13,775	82 %
	575,824	493,526	82,298	17 %
<b>Operating costs and expenses:</b>				
Contract drilling services	340,593	288,286	52,307	18 %
Reimbursables <sup>(1)</sup>	24,776	12,647	12,129	96 %
Depreciation and amortization	213,888	247,438	(33,550)	(14)%
General and administrative	132,251	43,800	88,451	202 %
Loss on impairments	—	792,843	(792,843)	(100)%
	711,508	1,385,014	(673,506)	(49)%
<b>Operating income (loss)</b>	<b>\$ (135,684)</b>	<b>\$ (891,488)</b>	<b>\$ 755,804</b>	<b>(85)%</b>

<sup>(1)</sup> We record reimbursements from customers for out-of-pocket expenses as operating revenues and the related direct costs as operating expenses. Changes in the amount of these reimbursables generally do not have a material effect on our financial position, results of operations or cash flows.

**Operating Revenues.** The \$68.5 million increase in contract drilling services revenues for the six months ended June 30, 2019 as compared to the same period of 2018 was composed of a \$83.9 million increase due to an increased number of operating days, partially offset by a \$15.4 million decline from lower dayrates. The revenue increase was due to a \$42.5 million and \$26.0 million increase in floater and jackup fleet revenues, respectively.

The \$42.5 million revenue increase in our floater fleet for the six months ended June 30, 2019 is attributable to a \$69.2 million increase mainly due to an increased number in operating days as three rigs, the *Noble Clyde Boudreaux*, the *Noble Sam Croft*, and the *Noble Tom Madden*, returned to service which was offset by a decline of \$14.5 million due to the *Noble Paul Romano* being warm-stacked in the middle of the second quarter of 2018. Floater fleet revenue was also impacted by a decline in dayrates of \$37.7 million as the legacy contract for the *Noble Don Taylor* was completed in 2019. These dayrate reductions were offset by an increase in dayrates on other rigs of \$25.5 million. This increase was mainly attributable to the *Noble Globetrotter II*, which experienced an uplift in revenue in part due to the Company owned managed pressure drilling system.

The \$26.0 million revenue increase in our jackup fleet for the six months ended June 30, 2019 is attributable to a \$40.7 million increase due to more operating days, mainly due to the *Noble Sam Hartley*, *Noble Mick O'Brien*, and *Noble Tom Prosser* rigs, which returned to service, and the *Noble Johnny Whitstine*, which was placed in service for the first time. This increase was offset by a decrease in revenue of \$11.5 million as the *Noble Gene House* was retired in the first quarter of 2019 but worked for all of the six months ended June 30, 2018, and partially offset by a \$3.2 million decline in revenues associated with lower dayrates as legacy contracts were completed in early 2019.

**Operating Costs and Expenses.** Contract drilling services costs increased \$52.3 million for the six months ended June 30, 2019 as compared to the same period of 2018. Rigs that returned to service or were placed in service for the first time in the current period accounted for \$72.3 million of the increase. Cost increases were seen across all rig related expense categories, including personnel-related expenses and expenses for repairs and maintenance as rigs returned to operations. These increases were offset by a couple of rigs that had more operating days in the prior quarter as compared to the current quarter, resulting in a decrease in contract drilling services costs of \$12.3 million and a reduction in the current period of \$4.5 million due mainly to lower customer required personnel and lower mobilization costs, for the *Noble Don Taylor*.

Depreciation and amortization decreased \$33.6 million for the six months ended June 30, 2019 as compared to the same period of 2018. The decline was due to the effect of rig impairments during 2018.

Loss on impairments of \$792.8 million in the comparable quarter was a result of an impairment charge on three rigs and certain capital spare equipment.

## Other Income and Expenses

**General and Administrative Expenses.** General and administrative expenses increased \$88.5 million during the six months ended June 30, 2019 as compared to the same period of 2018, primarily as a result of Noble-UK recognizing a \$100.0 million expense in connection with ongoing litigation during the six months ended June 30, 2019, offset by a decrease in employee-related costs, professional fees and lower office rent.

**Interest Expense.** Interest expense decreased \$10.9 million during the six months ended June 30, 2019 as compared to the same period of 2018. This decrease was primarily due to the retirement of a portion of various tranches of our senior notes as a result of tender offers and open market repurchases throughout 2018 and early 2019. This decrease was offset by the issuance of our Senior Notes due 2026 (the “2026 Notes”) in January 2018, the issuance of our two Seller Loans (as defined herein) in late 2018 and early 2019 and the borrowing on our Credit Facilities (as defined herein) in early 2019. For additional information, see “Note 6—Debt” to our condensed consolidated financial statements.

**Income Tax Benefit.** Our income tax benefit decreased by \$1.5 million for the six months ended June 30, 2019 as compared to the same period of 2018. Excluding the tax impact of extraordinary items such as gain on debt extinguishment of \$6.6 million and the settlement of the uncertain tax positions related to 2010-2011 U.S. tax audit of \$33.7 million in the current period, and the loss on debt extinguishment of \$1.8 million and asset impairments of \$35.6 million in the prior period, our tax benefit increased by \$8.8 million. This increase is due to an increase in our worldwide tax rate applied to a lower pre-tax loss for the current period as compared to the prior period, which included a negative worldwide tax rate applied to a higher pre-tax loss. The increase in the worldwide effective tax rate is primarily a result of the geographic mix of income and sources of revenue during the current period.

## Liquidity and Capital Resources

### Overview

Net cash used in operating activities was \$7.5 million for the six months ended June 30, 2019 and net cash provided by operating activities was \$53.9 million for the six months ended June 30, 2018. The decrease in net cash provided by operating activities for the six months ended June 30, 2019 was primarily attributable to a one-time tax refund of \$84.5 million received in the first quarter of 2018, offset by an increase in contract drilling services margin in the current period as compared to the same period of 2018. We had negative working capital of \$272.7 million at June 30, 2019 and working capital of \$293.6 million at December 31, 2018.

Net cash used in investing activities for the six months ended June 30, 2019 was \$143.0 million as compared to \$72.1 million for the six months ended June 30, 2018. The variance primarily relates to the purchase and preparation of the *Noble Joe Knight*, which is expected to commence operations in late 2019, and the preparation of the *Noble Johnny Whitstine*, which commenced operations in the current period.

Net cash used in financing activities for the six months ended June 30, 2019 was \$70.4 million as compared to \$233.1 million for the six months ended June 30, 2018. During the current period, our primary use of cash was the retirement of a portion of various tranches of our senior notes as a result of tender offers, offset by net borrowings on our Credit Facilities.

In March 2019, we completed cash tender offers for our Senior Notes due 2020 (the “2020 Notes”), Senior Notes due 2021 (the “2021 Notes”), Senior Notes due 2022 (the “2022 Notes”) and Senior Notes due 2024 (the “2024 Notes”). Pursuant to such tender offers, we purchased \$440.9 million aggregate principal amount of these senior notes for \$400.0 million, plus accrued interest, using borrowings under the 2015 Credit Facility (as defined herein) and cash on hand.

Our primary source of capital in the current period was cash generated from operating activities. Cash on hand during the current period was primarily used for the following:

- normal recurring operating expenses;
- retirement of a portion of various tranches of our senior notes in tender offers; and
- capital expenditures.

Our currently anticipated cash flow needs, both in the short-term and long-term, may include the following:

- normal recurring operating expenses;
- planned and discretionary capital expenditures; and
- repayments of debt and interest.

We currently expect to fund these cash flow needs with cash generated by our operations, cash on hand, borrowings under our existing Credit Facilities and potential issuances of equity or long-term debt. However, to adequately cover our expected cash flow needs, we may require

capital in excess of the amount available from these sources, and we may seek additional sources of liquidity and/or delay or cancel certain discretionary capital expenditures or other payments as necessary.

At June 30, 2019, we had a total contract drilling services backlog of approximately \$2.1 billion, which includes a commitment of 73 percent of available days for the remainder of 2019 and 47 percent of available days for 2020. For additional information regarding our backlog, see “Contract Drilling Services Backlog.”

### **Capital Expenditures**

Capital expenditures totaled \$200.7 million and \$84.4 million for the six months ended June 30, 2019 and 2018, respectively. Capital expenditures during the first six months of 2019 consisted of the following:

- \$34.2 million for sustaining capital;
- \$75.9 million in major projects, including reactivations and subsea and other related projects;
- \$83.8 million to purchase the *Noble Joe Knight* (inclusive of cash paid and seller financing); and
- \$6.8 million in capitalized interest.

Our total capital expenditure estimate for 2019 is approximately \$303.9 million.

- \$90.0 million for sustaining capital;
- \$121.7 million in major projects, including reactivations and subsea and other related projects;
- \$83.8 million purchase of the *Noble Joe Knight* (inclusive of cash paid and seller financing); and
- \$8.4 million in capitalized interest.

From time to time we consider possible projects that would require expenditures that are not included in our capital budget, and such unbudgeted expenditures could be significant. In addition, we will continue to evaluate acquisitions of drilling units from time to time. Other factors that could cause actual capital expenditures to materially exceed plan include delays and cost overruns in shipyards (including costs attributable to labor shortages), shortages of equipment, latent damage or deterioration to hull, equipment and machinery in excess of engineering estimates and assumptions, changes in governmental regulations and requirements, possible refurbishment and reactivation of rigs and changes in design criteria or specifications during repair or construction.

### **Share Capital**

The declaration and payment of dividends require the authorization of the Board of Directors of Noble-UK, provided that such dividends on issued share capital may be paid only out of Noble-UK’s “distributable reserves” on its statutory balance sheet in accordance with UK law. Therefore, Noble-UK is not permitted to pay dividends out of share capital, which includes share premium. Noble has not paid dividends since the third quarter of 2016. The payment of future dividends will depend on our results of operations, financial condition, cash requirements, future business prospects, contractual and indenture restrictions and other factors deemed relevant by our Board of Directors.

At our 2019 Annual General Meeting, shareholders approved a proposal to allow our Board of Directors to increase share capital through the issuance of up to approximately 83.1 million ordinary shares (at current nominal value of \$0.01 per share). The right of our directors to allot shares will expire at the end of our 2020 Annual General Meeting unless we seek an extension from shareholders at that time. No shares were allotted during the six months ended June 30, 2019.

### **Share Repurchases**

Under UK law, the Company is only permitted to purchase its own shares by way of an “off-market purchase” in a plan approved by shareholders. We currently do not have shareholder authority to repurchase shares. During the six months ended June 30, 2019, we did not repurchase any of our shares.

### **Credit Facilities**

#### **2015 Credit Facility**

We have a \$300 million senior unsecured credit facility that will mature in January 2020 and is guaranteed by our indirect, wholly-owned subsidiaries, Noble Holding (U.S.) LLC (“NHUS”) and Noble Holding International Limited (“NHIL”) (the “2015 Credit Facility”).

In January 2018, in connection with entering into the 2017 Credit Facility (as defined herein), we amended the 2015 Credit Facility, which caused, among other things, a reduction in the aggregate principal amount of commitments under the 2015 Credit Facility. As a result of the 2015 Credit Facility’s reduction in the aggregate principal amount of commitments, we recognized a net loss of approximately \$2.3 million in the six months ended June 30, 2018. Borrowings under the 2015 Credit Facility bear interest at the London inter-bank offered rate (“LIBOR”) plus an

applicable margin, which is currently the maximum contractual rate of 1.65%. At June 30, 2019, we had \$300.0 million of borrowings outstanding under the 2015 Credit Facility.

### **2017 Credit Facility**

On December 21, 2017, Noble Cayman Limited, a Cayman Islands company and a wholly-owned indirect subsidiary of Noble-Cayman; Noble International Finance Company, a Cayman Islands company and a wholly-owned indirect subsidiary of Noble-Cayman; and Noble Holding UK Limited, a company incorporated under the laws of England and Wales and a wholly-owned direct subsidiary of Noble-UK (“NHUK”), as parent guarantor, entered into a new senior unsecured credit agreement (the “2017 Credit Facility” and, together with the 2015 Credit Facility, the “Credit Facilities”). The maximum aggregate amount of commitments under the 2017 Credit Facility on June 30, 2019 was approximately \$1.5 billion. Borrowings under the 2017 Credit Facility are subject to certain conditions precedent, including that there be no unused commitments to advance loans under the 2015 Credit Facility. The 2017 Credit Facility will mature in January 2023. Borrowings may be used for working capital and other general corporate purposes. The 2017 Credit Facility provides for a letter of credit sub-facility currently in the amount of \$15.0 million, with the ability to increase such amount up to \$500.0 million with the approval of the lenders. Borrowing under the 2017 Credit Facility bear interest at LIBOR plus an applicable margin, which is currently the maximum contractual rate of 4.25%. At June 30, 2019, we had \$50.0 million of borrowings outstanding under the 2017 Credit Facility, plus \$3.4 million of performance letters of credit. On July 26, 2019, we executed an amendment to our 2017 Credit Facility (the “First Amendment to the 2017 Credit Facility”) that replaced the covenant that limited our ratio of debt to total tangible capitalization with a covenant that limits our ratio of Senior Guaranteed Indebtedness (as defined in the First Amendment to the 2017 Credit Facility) to Adjusted EBITDA (as defined in the First Amendment to the 2017 Credit Facility) as of the last day of each fiscal quarter, with such ratio not being permitted to exceed 4.0 to 1.0 for the fiscal quarters ending September 30, 2019 through December 31, 2020, 3.5 to 1.0 for the fiscal quarters ending March 31, 2021 through December 31, 2021 and 3.0 to 1.0 for the fiscal quarters ending March 31, 2022 and thereafter. In addition, the First Amendment to the 2017 Credit Facility reduced total commitments from \$1.5 billion to \$1.3 billion and added a requirement that any amounts drawn under the 2017 Credit Facility not exceed the amount of the Indenture Secured Debt Basket (as defined in the First Amendment to the 2017 Credit Facility). The maturity remains January 2023.

Both of our Credit Facilities have provisions which vary the applicable interest rates for borrowings based upon our debt ratings. We also pay a facility fee under the 2015 Credit Facility on the full commitments thereunder (used or unused) and a commitment fee under the 2017 Credit Facility on the daily unused amount of the underlying commitments, in each case which varies depending on our credit ratings. At June 30, 2019, the interest rates and fees in effect under our Credit Facilities were the highest permitted interest rates under those agreements.

### **Debt Issuance**

In January 2018, we issued \$750.0 million aggregate principal amount of the 2026 Notes through our indirect wholly-owned subsidiary, NHIL. The net proceeds of the offering of approximately \$737.4 million, after expenses, were used to retire a portion of our near-term senior notes in a related tender offer.

The indenture for the 2026 Notes contains certain covenants and restrictions, including, among others, restrictions on our subsidiaries’ ability to incur certain additional indebtedness. Additionally, the subsidiary guarantors must own, directly or indirectly, (i) assets comprising at least 85% of the revenue of Noble-Cayman and its subsidiaries on a consolidated basis and (ii) jackups, semisubmersibles, drillships, submersibles or other mobile offshore drilling units of material importance, the combined book value of which comprises at least 85% of the combined book value of all such assets of Noble-Cayman and its subsidiaries on a consolidated basis, in each case, with respect to the most recently completed fiscal year.

### **Seller Loans**

#### **2019 Seller Loan**

In February 2019, we purchased the *Noble Joe Knight* for \$83.8 million with a \$53.6 million seller-financed secured loan (the “2019 Seller Loan”). The 2019 Seller Loan has a term of four years and requires a 5% principal payment at the end of the third year with the remaining 95% of the principal due at the end of the term. The 2019 Seller Loan bears a cash interest rate of 4.25% and the equivalent of a 1.25% interest rate paid-in-kind over the four-year term of the 2019 Seller Loan. Based on the terms of the 2019 Seller Loan, the 1.25% paid-in-kind interest rate is accelerated into the first year, resulting in an overall first year interest rate of 8.91%, of which only 4.25% is payable in cash. Thereafter, the paid-in-kind interest ends and the cash interest rate of 4.25% is payable for the remainder of the term.

#### **2018 Seller Loan**

In September 2018, we purchased the *Noble Johnny Whitstine* for \$93.8 million with a \$60.0 million seller-financed secured loan (the “2018 Seller Loan” and, together with the 2019 Seller Loan, the “Seller Loans”). The 2018 Seller Loan has a term of four years and requires a 5%

principal payment at the end of the third year with the remaining 95% of the principal due at the end of the term. The 2018 Seller Loan bears a cash interest rate of 4.25% and the equivalent of a 1.25% interest rate paid-in-kind over the four-year term of the 2018 Seller Loan. Based on the terms of the 2018 Seller Loan, the 1.25% paid-in-kind interest rate is accelerated into the first year, resulting in an overall first year interest rate of 8.91%, of which only 4.25% is payable in cash. Thereafter, the paid-in-kind interest ends and the cash interest rate of 4.25% is payable for the remainder of the term.

Both of the Seller Loans are guaranteed by Noble-Cayman and each is secured by a mortgage on the applicable rig and by the pledge of the shares of the applicable single-purpose entity that owns the relevant rig. Each Seller Loan contains debt to total capitalization ratio and minimum liquidity financial covenants substantially similar to the 2017 Credit Facility, and an asset and revenue covenant substantially similar to the 2026 Notes as well as other covenants and provisions customarily found in secured transactions, including a cross default provision. Each Seller Loan requires immediate repayment on the occurrence of certain events, including the termination of the drilling contract associated with the relevant rig.

#### ***Senior Notes Interest Rate Adjustments***

Our Senior Notes due 2025 (the “2025 Notes”) and our Senior Notes due 2045 (the “2045 Notes”) are subject to provisions that vary the applicable interest rates based on our debt rating. Effective April 2018, these senior notes have reached the contractually defined maximum interest rate set for each rating agency and no further interest rate increases are possible. The interest rates on these senior notes may be decreased if our debt ratings were to be raised by either rating agency above specified levels. Our other outstanding senior notes do not contain provisions varying applicable interest rates based upon our credit ratings.

#### ***Debt Tender Offers, Repayments and Open Market Repurchases***

In March 2019, we completed cash tender offers for the 2020 Notes, the 2021 Notes, the 2022 Notes, and the 2024 Notes. Pursuant to such tender offers, we purchased \$440.9 million aggregate principal amount of these senior notes for \$400.0 million, plus accrued interest, using cash on hand and borrowings under the 2015 Credit Facility. As a result of this transaction, we recognized a net gain of approximately \$31.3 million.

In October 2018, we purchased \$27.4 million aggregate principal amount of various tranches of our senior notes for approximately \$20.2 million, plus accrued interest, as open market repurchases and recognized a net gain of approximately \$6.9 million.

In August 2018, we purchased \$0.4 million aggregate principal amount of our Senior Notes due 2042 for approximately \$0.3 million, plus accrued interest, as open market repurchases and recognized a net gain of approximately \$0.1 million.

In March 2018, we repaid the remaining aggregate principal amount of \$126.6 million of our Senior Notes due 2018 (the “2018 Notes”) at maturity using cash on hand.

In March 2018, we purchased \$9.5 million aggregate principal amount of various tranches of our senior notes for approximately \$8.7 million, plus accrued interest, as open market repurchases and recognized a net gain of approximately \$0.5 million.

In February 2018, we redeemed the remaining principal amount of \$61.9 million of our Senior Notes due 2019 (the “2019 Notes”) for approximately \$65.3 million, plus accrued interest. As a result of this transaction, we recognized a net loss of approximately \$3.5 million.

In February 2018, we completed cash tender offers for the 2018 Notes, the 2019 Notes, the 2020 Notes, the 2021 Notes, the 2022 Notes and the 2024 Notes. Pursuant to such tender offers, we purchased \$754.2 million aggregate principal amount of these senior notes for \$750.0 million, plus accrued interest, using the net proceeds of the 2026 Notes issuance and cash on hand. As a result of this transaction, we recognized a net loss of approximately \$3.5 million.

#### ***Covenants***

As of June 30, 2019, the 2017 Credit Facility contained certain financial covenants applicable to NHUK and its subsidiaries, including (i) a covenant restricting debt to total tangible capitalization to not greater than 0.55 at the end of each fiscal quarter, (ii) a minimum Liquidity requirement of \$300.0 million, (iii) a covenant that, beginning with the fiscal quarter ending March 31, 2018, the ratio of the Rig Value (as defined in the 2017 Credit Facility) of Marketed Rigs (as defined in the 2017 Credit Facility) to the sum of commitments under the 2017 Credit Facility plus indebtedness for borrowed money of the borrowers and guarantors, in each case, that directly own Marketed Rigs, is not less than 3:00 to 1:00 at the end of each fiscal quarter and (iv) a covenant that the ratio of (A) the Rig Value of the Closing Date Rigs (as defined in the 2017 Credit Facility) that are directly wholly owned by the borrowers and guarantors to (B) the Rig Value of the Closing Date Rigs owned by NHUK, subsidiaries of NHUK and certain local content affiliates, is not less than 80% at the end of each fiscal quarter (such covenants described in (iii) and (iv) of this paragraph, the “Guarantor Ratio Covenants”). The 2017 Credit Facility also includes restrictions on borrowings if, after giving effect to any such borrowings and the application of the proceeds thereof, the aggregate amount of Available Cash (as defined in the 2017 Credit Facility) would exceed \$200.0 million.

NHUK has guaranteed the obligations of the borrowers under the 2017 Credit Facility. In addition, certain indirect subsidiaries of Noble-UK that own rigs are guarantors under the 2017 Credit Facility. Certain other subsidiaries of Noble-UK may be required from time to time to guarantee the obligations of the borrowers under the 2017 Credit Facility in order maintain compliance with the Guarantor Ratio Covenants.

The 2017 Credit Facility contains additional restrictive covenants generally applicable to NHUK and its subsidiaries, including restrictions on the incurrence of liens and indebtedness, mergers and other fundamental changes, restricted payments, repurchases and redemptions of indebtedness with maturities outside of the maturity of the 2017 Credit Facility, sale and leaseback transactions and transactions with affiliates.

The 2015 Credit Facility is guaranteed by NHUS and NHIL. The 2015 Credit Facility contains a covenant that limits our ratio of debt to total tangible capitalization, as defined in the 2015 Credit Facility, to 0.60 at the end of each fiscal quarter.

In addition to the covenants from the Credit Facilities noted above, the covenants from the 2026 Notes described under “—Debt Issuance” above, and the covenants from the Seller Loans described under “—Seller Loans” above, the indentures governing our outstanding senior unsecured notes contain covenants that place restrictions on certain merger and consolidation transactions, unless we are the surviving entity or the other party assumes the obligations under the indenture, and on the ability to sell or transfer all or substantially all of our assets. There are also restrictions on incurring or assuming certain liens and on entering into sale and lease-back transactions.

At June 30, 2019, our debt to total tangible capitalization ratio under our 2017 Credit Facility was approximately 0.48 and we were in compliance with all applicable debt covenants. We continually monitor compliance with the covenants under our Credit Facilities, senior notes and Seller Loans and expect to remain in compliance throughout 2019.

#### **Off-Balance Sheet Arrangements**

We have no off-balance sheet arrangements as that term is defined in Item 303(a)(4)(ii) of Regulation S-K.

#### **New Accounting Pronouncements**

See Part I, Item 1, Financial Statements, “Note 2— Accounting Pronouncements,” to the condensed consolidated financial statements for a description of the recent accounting pronouncements.

#### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

Market risk is the potential for loss due to a change in the value of a financial instrument as a result of fluctuations in interest rates, currency exchange rates or equity prices, as further described below.

##### ***Interest Rate Risk***

We are subject to market risk exposure related to changes in interest rates on borrowings under our Credit Facilities. Interest on borrowings under our Credit Facilities is at an agreed upon percentage point spread over LIBOR, or a base rate stated in the agreements. Borrowings under the 2015 Credit Facility bear interest at LIBOR plus an applicable margin, which is currently the maximum contractual rate of 1.65%. At June 30, 2019, we had \$300.0 million of borrowings outstanding under the 2015 Credit Facility. Borrowing under the 2017 Credit Facility bear interest at LIBOR plus an applicable margin, which is currently the maximum contractual rate of 4.25%. At June 30, 2019, we had \$50.0 million of borrowings outstanding under the 2017 Credit Facility, plus \$3.4 million of performance letters of credit.

Our 2025 Notes and our 2045 Notes are subject to provisions that vary the applicable interest rates based on our debt rating. Effective April 2018, these senior notes have reached the contractually defined maximum interest rate set for each rating agency and no further interest rate

increases are possible. The interest rates on these senior notes may be decreased if our debt ratings were to be raised by either rating agency above specified levels. Our other outstanding senior notes do not contain provisions varying applicable interest rates based upon our credit ratings.

We maintain certain debt instruments at a fixed rate whose fair value will fluctuate based on changes in market expectations for interest rates and perceptions of our credit risk. The fair value of our total debt was \$2.9 billion at both June 30, 2019 and December 31, 2018. The decrease in the fair value of debt relates to a reduction in total principal amount outstanding due to our debt repayments during the period, partially offset by our debt issuance and changes in market expectations for interest rates and perceptions of our credit risk.

#### ***Foreign Currency Risk***

Although we are a UK company, we define foreign currency as any non-U.S. denominated currency. Our functional currency is the U.S. Dollar. However, outside the United States, a portion of our expenses are incurred in local currencies. Therefore, when the U.S. Dollar weakens (strengthens) in relation to the currencies of the countries in which we operate, our expenses reported in U.S. Dollars will increase (decrease).

We are exposed to risks on future cash flows to the extent that local currency expenses exceed revenues denominated in local currency that are other than the functional currency.

Several of our regional shorebases have a significant amount of their cash operating expenses payable in local currencies. To limit the potential risk of currency fluctuations, we periodically enter into forward contracts, which have historically settled monthly in the operations' respective local currencies. All of these contracts had a maturity of less than 12 months. There were no foreign currency forward contracts outstanding or entered into during six months ended June 30, 2019.

#### ***Market Risk***

We have a U.S. noncontributory defined benefit pension plan that covers certain salaried employees and a U.S. noncontributory defined benefit pension plan that covers certain hourly employees, whose initial date of employment is prior to August 1, 2004 (collectively referred to as our "qualified U.S. plans"). These plans are governed by the Noble Drilling Employees' Retirement Trust. The benefits from these plans are based primarily on years of service and, for the salaried plan, employees' compensation near retirement. These plans are designed to qualify under the Employee Retirement Income Security Act of 1974 ("ERISA"), and our funding policy is consistent with funding requirements of ERISA and other applicable laws and regulations. We make cash contributions, or utilize credits available to us, for the qualified U.S. plans when required. The benefit amount that can be covered by the qualified U.S. plans is limited under ERISA and the Internal Revenue Code of 1986. Therefore, we maintain an unfunded, nonqualified excess benefit plan designed to maintain benefits for specified employees at the formula level in the qualified salary U.S. plan. We refer to the qualified U.S. plans and the excess benefit plan collectively as the "U.S. plans."

In addition to the U.S. plans, Noble Drilling (Land Support) Limited, an indirect, wholly-owned subsidiary of Noble-UK, maintains a pension plan that covers all of its salaried, non-union employees, whose most recent date of employment is prior to April 1, 2014 (referred to as our "non-U.S. plan"). Benefits are based on credited service and employees' compensation, as defined by the non-U.S. plan.

Changes in market asset values related to the pension plans noted above could have a material impact upon our Condensed Consolidated Statements of Comprehensive Income (Loss) and could result in material cash expenditures in future periods.

#### **Item 4. Controls and Procedures**

Julie J. Robertson, Chairman, President and Chief Executive Officer of Noble-UK, and Adam C. Peakes, Senior Vice President and Chief Financial Officer of Noble-UK, have evaluated the disclosure controls and procedures of Noble-UK as of the end of the period covered by this report. On the basis of this evaluation, Ms. Robertson and Mr. Peakes have concluded that Noble-UK's disclosure controls and procedures were effective as of June 30, 2019. Noble-UK's disclosure controls and procedures are designed to ensure that information required to be disclosed by Noble-UK in the reports that it files with or submits to the SEC are recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and is accumulated and communicated to management as appropriate to allow timely decisions regarding required disclosure.

Julie J. Robertson, President and Chief Executive Officer of Noble-Cayman, and Adam C. Peakes, Director, Vice President and Chief Financial Officer of Noble-Cayman, have evaluated the disclosure controls and procedures of Noble-Cayman as of the end of the period covered by this report. On the basis of this evaluation, Ms. Robertson and Mr. Peakes have concluded that Noble-Cayman's disclosure controls and procedures were effective as of June 30, 2019. Noble-Cayman's disclosure controls and procedures are designed to ensure that information required to be disclosed by Noble-Cayman in the reports that it files with or submits to the SEC are recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and is accumulated and communicated to management as appropriate to allow timely decisions regarding required disclosure.

There were no changes in either Noble-UK's or Noble-Cayman's internal control over financial reporting that occurred during the quarter ended June 30, 2019 that have materially affected, or are reasonably likely to materially affect, the internal control over financial reporting of each of Noble-UK or Noble-Cayman, respectively.

## **PART II. OTHER INFORMATION**

### **Item 1. Legal Proceedings**

Information regarding legal proceedings is presented in "Note 13— Commitments and Contingencies," to our condensed consolidated financial statements included in Item 1 of Part I of this Quarterly Report on Form 10-Q and is incorporated herein by reference.

### **Item 1A. Risk Factors**

There are numerous factors that affect our business and results of operations, many of which are beyond our control. In addition to the other information presented in this quarterly report, you should carefully read and consider "Item 1A. Risk Factors" in Part I and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part II of our Annual Report on Form 10-K for the year ended December 31, 2018, which contains descriptions of significant risks that might cause our actual results of operations in future periods to differ materially from those currently anticipated or expected.

### **Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

Under UK law, the Company is only permitted to purchase its own shares by way of an "off-market purchase" in a plan approved by shareholders. As of the date of this report, no such plan has been approved and during the three months ended June 30, 2019 there were no repurchases by Noble-UK of its shares.

### **Item 6. Exhibits**

The following exhibits are filed as part of this Quarterly Report on Form 10-Q.

**NOBLE CORPORATION**  
**TIME-VESTED CASH AWARD (RETENTION)**

THIS INSTRUMENT (this “Instrument”), made effective as of the \_\_\_\_\_, by Noble Corporation plc, a public limited company incorporated under the laws of England and Wales (the “Company”) evidences the time-vested Cash Award (as defined in the Plan) granted hereunder to \_\_\_\_\_ (“Employee”) and sets forth the restrictions, terms and conditions that apply thereto.

**W I T N E S S E T H:**

WHEREAS, the committee (the “Committee”) acting under the Noble Corporation 2015 Omnibus Incentive Plan, as amended (the “Plan”), has determined that it is desirable to grant a time-vested Cash Award to Employee pursuant to the Plan; and

WHEREAS, pursuant to the Plan, the Committee has determined that the time-vested Cash Award so granted shall be subject to the restrictions, terms and conditions set forth in this Instrument;

NOW, THEREFORE, a time-vested Cash Award is hereby granted to Employee as follows:

1. *Time-Vested Cash Award.* On the terms and conditions and subject to the restrictions, including forfeiture, hereinafter set forth, the Company hereby grants a \$ \_\_\_\_\_ Cash Award (the “Awarded Cash Amount”) to Employee pursuant to the Plan. The Awarded Cash Amount is being granted to Employee effective as of the date of this Instrument (the “Effective Date”) and shall vest or be forfeited in accordance with (and otherwise be subject to) the provisions of this Instrument.

2. *Vesting and Forfeiture in General.* Except as set forth in Section 3 of this Instrument, the applicable portion of the Awarded Cash Amount shall vest and the forfeiture restrictions applicable thereto under this Instrument shall terminate in accordance with the provisions of the attached Schedule I, provided that Employee remains continuously employed by the Company or an affiliate thereof from the Effective Date to the applicable date of vesting. Any portion of the Awarded Cash Amount that has not already vested (“Outstanding Awarded Cash Amount”) shall be forfeited by Employee upon the termination of Employee’s employment with the Company or an affiliate thereof for any reason other than by reason of (i) the Company’s termination of Employee’s employment for reasons other than for Cause (as defined below) (a “Non-Cause Termination”) or (ii) Employee’s termination of Employee’s employment for Good Reason (as defined below) but solely in the event that the Trigger Event (as defined below) has occurred on or before such date of such termination for Good Reason (the events described in clauses (i) and (ii) above each being a “Qualifying Termination”). For purposes of this Instrument, transfers of employment without interruption of service between or among the Company and any of its affiliates shall not be considered a termination of employment.

(a) For purposes of this Instrument, “Cause” shall mean (i) the willful and continued failure of Employee to perform substantially Employee’s duties for the Company (other than any such failure resulting from bodily injury or disease or any other incapacity due to mental or physical

illness); or (ii) the willful engaging by Employee in illegal conduct or gross misconduct that is materially and demonstrably detrimental to the Company and/or its affiliates, monetarily or otherwise. For purposes of this provision, no act, or failure to act, on the part of Employee shall be considered “willful” unless done, or omitted to be done, by Employee in bad faith or without reasonable belief that Employee’s action or omission was in the best interests of the Company. Any act, or failure to act, based upon authority given pursuant to a resolution duly adopted by the Board, upon the instructions of the Chief Executive Officer or another senior officer of the Company or based upon the advice of counsel for the Company shall be conclusively presumed to be done, or omitted to be done, by Employee in good faith and in the best interests of the Company and its affiliates.

(b) For purposes of this Instrument, “Employment Agreement” shall mean any employment agreement that is based on, or similar to, a form of a “Restated Employment Agreement” that is included as an exhibit to the Company’s Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission.

(c) For purposes of this Instrument, “Good Reason” shall mean any of the following (without Employee’s express written consent): (i) a material diminution in Employee’s base salary or (ii) the Company’s requiring Employee to be based at any office or location more than 50 miles from Employee’s principal office or location. Notwithstanding the foregoing, Employee shall not have the right to terminate Employee’s employment hereunder for Good Reason unless (1) within 60 days of the initial existence of the condition or conditions giving rise to such right Employee provides written notice to the Corporate Secretary of the Company of the existence of such condition or conditions, and (2) the Company fails to remedy such condition or conditions within 30 days following the receipt of such written notice (the “Cure Period”). If any such condition is not remedied within the Cure Period, Employee must terminate Employee’s employment with the Company within a reasonable period of time, not to exceed 30 days, following the end of the Cure Period.

(d) For purposes of this Instrument, “Trigger Event” shall mean the commencement of the “Employment Term” (as defined in the Employment Agreement of one or more of the Company’s Named Executive Officers named in the Company’s most recent Proxy Statement filed with the U.S. Securities and Exchange Commission) or similar event, irrespective of whether Employee is subject to an Employment Agreement.

### 3. *Acceleration of Vesting.*

(a) Except as set forth in this Section 3(a) and in Section 3(b) of this Instrument, any Outstanding Awarded Cash Amount shall become fully vested and no longer subject to any forfeiture restrictions under this Instrument if Employee’s employment with the Company or an affiliate thereof terminates by reason of his or her Qualifying Termination; provided, however, that in the event such Qualifying Termination constitutes a Non-Cause Termination that occurs prior to the Trigger Event, the Outstanding Awarded Cash Amount due to such Employee shall be equal to the Awarded Cash Amount granted hereunder multiplied by a fraction, (i) the numerator of which is the number of calendar months that have elapsed from the date of the effectiveness of this Instrument to the date of Employee’s termination due to such Non-Cause Termination (counting a month as having elapsed if the Employee was employed by the Company or an affiliate thereof on the last business day of the month) and (ii) the denominator of which is 34; provided further, that the amount

actually paid to the Employee in respect of such Non-Cause Termination shall be reduced by the amount of the Awarded Cash Amount that has previously vested in respect of such Employee, if any.

(b) This Section 3(b) shall apply in the event Employee is, or hereafter becomes, subject to an Employment Agreement. In the event Employee is, or hereafter becomes, subject to an Employment Agreement, then, except as provided in the following sentence, the provisions of Section 2 and this Section 3 regarding Qualifying Termination shall cease to apply as of the commencement of the Trigger Event, such that, no accelerated vesting of any Outstanding Awarded Cash Amount shall occur as a result of any Qualifying Termination that occurs on or after the commencement of the Trigger Event. Furthermore, no provision of any plan, Employment Agreement or other agreement or arrangement pertaining to Employee and the Company or an affiliate thereof (“Relevant Agreement”) shall cause any such Outstanding Awarded Cash Amount to vest on an accelerated basis in connection with a Qualifying Termination that occurs on or after the commencement of such Trigger Event, unless, prior to such Trigger Event, this Section 3(b) is amended (in writing), a Relevant Agreement that is in effect as of the date hereof is amended (in writing), or a Relevant Agreement is first prepared (in writing) after the date hereof to specifically provide for such vesting. For the avoidance of doubt, nothing in this Section 3(b) shall prevent any Outstanding Awarded Cash Amount from vesting, if the Employee otherwise meets the requirements for such vesting hereunder by continued employment with the Company or any affiliate thereof after the occurrence of a Trigger Event.

4. *Payment of the Cash Award; Other Forfeiture.* As soon as practicable following the date any Outstanding Awarded Cash Amount vests (but no later than the end of the calendar year in which vesting occurs or, if later, 2.5 months after vesting), the Company shall, subject to Section 6 herein, pay Employee, in cash, the relevant dollar amount that corresponds to such vested Outstanding Awarded Cash Amount in settlement thereof. Notwithstanding any provision herein to the contrary, in the event Employee’s employment with the Company or an affiliate thereof terminates following the vesting, and prior to the payment, of any Outstanding Awarded Cash Amount, then Employee shall forfeit any and all rights to receive such payment (and no such payment shall be made to Employee) if such termination of employment occurs by reason of the Company’s termination of Employee’s employment for Cause.

5. *No Shareholder Related Rights.* For the avoidance of doubt, the Cash Award granted hereunder is not a Stock Award and does not otherwise relate to Shares for purposes of the Plan. Accordingly, the grant of the Cash Award hereunder shall confer no rights as a shareholder of the Company or any similar rights to Employee as a result of receiving such grant, including, without limitation, voting rights or the right to receive dividends and distributions as a shareholder or the right to receive Dividend Equivalents with respect to such Cash Award.

6. *Withholding Taxes.* The Company may withhold from any amounts payable under this Instrument such federal, state, local, foreign or other taxes of any kind that are required to be withheld pursuant to any applicable law or regulation.

7. *Non-Assignability.* This Instrument is not assignable or transferable by Employee. No right or interest of Employee under this Instrument or the Plan may be assigned, transferred or alienated, in whole or in part, either directly or by operation of law (except pursuant to a qualified

domestic relations order within the meaning of Section 414(p) of the Code or a similar domestic relations order under applicable foreign law, either in such form as is acceptable to the committee), and no such right or interest shall be liable for or subject to any debt, obligation or liability of Employee.

8. *Defined Terms; Plan Provisions.* Unless the context clearly indicates otherwise, the capitalized terms used (and not otherwise defined) in this Instrument shall have the meanings assigned to them under the provisions of the Plan. The Awarded Cash Amount subject to this Instrument shall be governed by and subject to all applicable provisions of the Plan. This Instrument is subject to the Plan, and the Plan shall govern where there is any inconsistency between the Plan and this Instrument.

9. *Governing Law.* This Instrument shall be governed by and construed and enforced in accordance with the laws of the State of Texas, without regard to the principles of conflicts of laws thereof, except to the extent Texas law is preempted by federal law of the United States or by the laws of England and Wales.

10. *Binding Effect.* This Instrument shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, personal representatives, successors and permitted assigns.

11. *Prior Communications; Amendment.* This Instrument, together with any Schedules and Exhibits and any other writings referred to herein or delivered pursuant hereto, evidences the Award granted hereunder, which shall be subject to the restrictions, terms and conditions hereof, and supersedes all prior agreements and understandings, whether written or oral, between the parties with respect to the subject matter hereof. To the fullest extent provided by applicable law, this Instrument may only be amended, modified and supplemented in accordance with the applicable terms and conditions set forth in the Plan. The provisions of Sections 2 and 3 of this Instrument shall be the exclusive means by which the Awarded Cash Amount and/or any Outstanding Awarded Cash Amount shall vest, and no provision of any plan, Employment Agreement or other agreement or arrangement pertaining to Employee and the Company or an affiliate shall cause the Awarded Cash Amount and/or any Outstanding Awarded Cash Amount to vest under circumstances that are not described in Sections 2 and 3 of this Instrument except to the extent Section 2 or 3 herein is amended in writing by the parties to provide for such vesting.

12. *Notices; Confidentiality.* Subject to the last paragraph of this Section 12, all notices and other communications hereunder shall be in writing and shall be deemed given if directed in the manner specified below, to the parties at the following addresses and numbers:

- (a) If to the Company, when delivered by hand, confirmed fax or mail (registered or certified mail with postage prepaid) to:

Noble Corporation plc  
10 Brook Street  
London, W1S 1BG  
England  
Attention: Corporate Secretary

Fax: 281-596-4486

With a copy to:

Chairman of Compensation Committee  
c/o Noble Corporation plc  
10 Brook Street  
London, W1S 1BG  
England  
Fax: 281-596-4486

(b) If to Employee, when delivered by hand, confirmed fax or mail (registered or certified mail with postage prepaid) to:

The last known address and number for Employee as maintained in the personnel records of the Company

For purposes of this Section 12, the Company shall provide Employee with written notice of any change of the Company's address, and Employee shall be responsible for providing the Company with proper notice of any change of Employee's address pursuant to the Company's personnel policies, and from and after the giving of such notice the address or addresses therein specified will be deemed to be the address of such party for the purposes of giving notice hereunder.

**All compensation related information with respect to Employee and similarly situated individuals is to be treated with the highest level of confidentiality. Notwithstanding anything herein to the contrary, Employee agrees that Employee shall not disclose or discuss this Cash Award with anyone other than Tom Madden in the Company's Sugar Land Office (281-276-6142), it being understood that Employee may disclose or discuss this Cash Award with Employee's spouse. Furthermore, Employee may disclose or discuss this Cash Award with Employee's legal and financial advisors with all costs and expenses related thereto being borne by Employee.**

13. *Severability.* If any provision of this Instrument is held to be unenforceable, this Instrument shall be considered divisible and such provision shall be deemed inoperative to the extent it is deemed unenforceable, and in all other respects the restrictions, terms and conditions set forth in this Instrument shall remain in full force and effect; provided, however, that if any such provision may be made enforceable by limitation thereof, then such provision shall be deemed to be so limited and shall be enforceable to the maximum extent permitted by applicable law.

14. *Descriptive Headings.* The descriptive headings herein are inserted for convenience of reference only, do not constitute a part of this Instrument, and shall not affect in any manner the meaning or interpretation of this Instrument.

15. *Gender.* Pronouns in masculine, feminine and neuter genders shall be construed to include any other gender, and words in the singular form shall be construed to include the plural and vice versa, unless the context otherwise requires.

16. *References.* The words “this Instrument,” “herein,” “hereof,” “hereby,” “hereunder” and words of similar import refer to this Instrument as a whole and not to any particular subdivision unless expressly so limited. Whenever the words “include,” “includes” and “including” are used in this Instrument, such words shall be deemed to be followed by the words “without limitation.”

17. *Unfunded Awards.* The Cash Award made under this Instrument are unfunded and unsecured obligations and rights to provide or receive compensation in accordance with the provisions hereof, and to the extent that Employee acquires a right to receive compensation from the Company or an affiliate pursuant to this Instrument, such right shall be no greater than the right of any unsecured general creditor of the Company or such affiliate.

18. *Compliance with Code Section 409A.* The compensation payable to or with respect to Employee pursuant to the Awarded Cash Amount is intended to be compensation that is not subject to the tax imposed by Code Section 409A, and this Instrument shall be administered and construed to the fullest extent possible to reflect and implement such intent.

IN WITNESS WHEREOF, the Company has signed and delivered this Instrument as of the date first above written.

NOBLE CORPORATION PLC

/s/ William E. Turcotte

William E. Turcotte  
Senior Vice President, General Counsel  
and Corporate Secretary

**SCHEDULE I**  
**NOBLE CORPORATION**  
**RESTRICTED PERIODS**  
**FOR AWARD OF TIME-VESTED CASH AWARD**

The Committee has determined that the following specified restricted time periods shall be applicable to the Awarded Cash Amount granted pursuant to this Instrument:

**1. Restricted Periods.**

(i) One-half of the Awarded Cash Amount (\$ \_\_\_\_\_) shall vest and no longer be subject to forfeiture on December 31, 2020;  
and

(ii) One-half of the Awarded Cash Amount (\$ \_\_\_\_\_) shall vest and no longer be subject to forfeiture on December 31, 2021.

**Noble Corporation plc**, a public limited company incorporated under the laws of England and Wales  
**Noble Corporation**, a Cayman Islands company

I, Julie J. Robertson, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Noble Corporation plc and Noble Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors:
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
